

VOLUME 14.

VERNON, WILBARGER COUNTY, TEXAS, FRIDAY, SEPTEMBER 15, 1922.

NUMBER 71.

COMMUNITY FAIR AT OKLAUNION ATTRACTS MANY

Exhibits Attractively Arranged—Entire Community Enters Into Spirit—High School Building Used—Women And Girls Clubs Exhibit—Poultry And Live Stock Shown.

Under the supervision of V. R. Glazener, superintendent of the school at that place, the Oklaunion community fair opened yesterday with a large attendance and will continue through today. The new high school building is being used as an exhibit hall in which the textile department, girls' clubs exhibits, canning and culinary displays, old curios and farm products are exhibited. Directly south of the school building, for live stock and poultry shows have been erected.

Many Attractions

The fair, which is being conducted in practically the same manner as a county exhibition, has many interesting exhibits and visitors are entertained in a most creditable fashion.

The textile department, under the supervision of Mrs. Logan Creager is attracting unusual attention. This exhibit, which represents the handiwork of the lady needle artists of the community, is said to be one of the best ever shown in this section of the state. A feature of this display is the individual exhibit of Mrs. J. K. Campbell of Oklaunion. Her offering consists of Brussels point lace made by women of Belgium, tennieriff wheels from the Canary Islands a bed spread made by the Spanish women of the Tinneriff Island. Mrs. Campbell collected these specimens while living in Africa.

Girls Clubs

The girls exhibit, which is supervised by Mrs. Marvin Brite, consists of a large display of sewing and canning. Miss Ramal Butler, who won first prize two years ago at the state exhibit at College Station, is also a winner in this department at Oklaunion. The girls of this community, who have won many prizes at the fairs, will have a complete exhibit at the Wilbarger County fair this season.

The Fletcher sisters are showing some portraits of ancestors made before the time of photography, and discuss over one hundred years old, which have been handed down through several generations.

Mrs. Ike Smith is showing a collection of war relics. A clock made from an airplane propeller is quite unique. She also has on display, a pair of horns from a Texas steer that measures about five feet from tip to tip. A dress that adorned a belle of 1870 is shown in this exhibit. Quilts seventy-five years old are on display. A rolling pin that doesn't look much the worse for wear, wielded by the ladies of the Reed family for four generations may be seen.

Conceded to be the best private collection of ivory in the United States is on display here, the property of Mrs. J. K. Campbell. This collection was made in Africa where Mr. and Mrs. Campbell lived for thirty months. The ivory was carved by the natives and consists of canes, rings, bracelets and vases. One piece which is very beautiful is made from a single tusk and the tusk is carved into a design of a bridge over which elephants are crossing. A collection of skins of wild animals killed near her home are included in the curio department along with other interesting relics from the jungles.

Poultry Department

The poultry department, which is in charge of V. R. Glazener, exhibits a large showing of fine birds. The White Leghorns apparently predominate at the show, but Rhode Island Reds, White Orpingtons and Barred Rocks are well represented. Judging will take place today.

SWINE

Logan Creager, president of the Wichita-Wilbarger Swine Breeders Association, is in charge of this department which is showing some unusually fine hogs. Mr. Creager and Joe Moore and several others have a splendid showing of the big bone Poland Chinas. Most of the hogs shown were raised around Oklaunion. Judging started today.

A large showing of dairy cattle and horses and mules were entered today and will be judged this afternoon. H.

(Continued on Page 7)

WAR'S GREATEST HERO STRIVES TO SAVE HOME.

Sergeant Samuel Woodfill and Woodfill home.

Sergeant Samuel Woodfill, chosen by General Pershing as the outstanding hero of the American Army in the World War for killing more than a score of Germans single-handed in wiping out three machine-gun nests, has secured a three months' leave of absence from his regiment. He has gone to work at \$6 a day as a carpenter on the Government dam at Silver Grove, Ky., in an effort to make enough money to meet the payments on his modest little home on the Alexandria Pike, Fort Thomas, Ky., opposite Cincinnati.

ROTARY CLUB BACKS HIGH SCHOOL BOYS

WILL JOIN LIONS CLUB AND FURNISH EQUIPMENT FOR 1922 FOOT BALL TEAM HERE.

At the Rotary luncheon last Tuesday the club voted to underwrite one half of the expense of obtaining athletic equipment for the Vernon high school foot ball club this season. It is understood that the Lions and Rotary clubs have tentatively agreed to supply the team this season with their athletic requirements.

R. B. Galbraith, director of athletics, was a guest of superintendent Dooney, made a short address to the club and told of the value of athletics to school and outlined the requirements of the local team. "Athletics will serve as encouragement to many boys to attend, not only high schools, but colleges as well. It will also keep the youngsters off the streets," said Mr. Galbraith.

Birdsong Speaks

A very interesting address was delivered by J. A. Birdsong, who has recently made a business trip to Cuba for the local Kell Mill. Mr. Birdsong told of his trip to the island and his impression gained concerning the commercial welfare of the people.

"About twenty-four years ago Uncle Sam wrested Cuba from Spanish domination and now they are calling on us to pull them out of a financial hole," Mr. Birdsong stated in opening his speech.

"The old original Spaniards are still the bone and sinew of Cuba's commercial and economic life. These Spaniards are high-class men and very reliable people. It goes very much against the grain to have the negroes placed on an equality with the proud Spaniards, and as a result clubs have been organized and the Spaniards have excluded themselves from the natives in a social way."

The speaker discussed many phases of Cuban conditions and asserted that he came home a strong believer in a proper protective tariff.

Boys Work

W. N. Stokes, chairman of the boys committee, told of the work his committee had done towards encouraging youngsters to attend college. It was brought out at the luncheon that this committee had been instrumental in sending several Vernon boys to college this year.

A movement is on foot to raise, through the club, a students' loan fund to be used for the purpose of assisting high school graduates who want to attend college, but are not financially able.

BLAIR ELECTED TREASURER COLLECTORS AT CONVENTION

C. M. Blair, county tax collector, returned Monday from Austin where he has been attending the state convention of tax collectors. Mr. Blair was elected treasurer of the association at this meeting.

Here From Austin

S. W. McLarty of Austin, recently a resident of Vernon, is here for a few days on business. The McLarty family moved to Austin some time in August and are well pleased with their new home. Frank and Shirley McLarty are students in the Texas University this year.

DEFENDANT VICTOR IN DAMAGE SUIT

JURY IN JUDGE NABERS' COURT DECIDES IN FAVOR OF DENVER RAILWAY

The jury in the case of E. E. Snodgrass vs. Ft. Worth & Denver Railway Company, tried in the district court before Judge Nabers this week, handed down a verdict yesterday morning in favor of the defendant.

The suit was the outgrowth of an accident which occurred at Herculio in September, 1921, when Mr. Snodgrass, who was at that time employed by the Denver, claimed to have been struck by northbound train number 7 while hanging mail on a crane at the station and sustained serious personal injuries.

It seems that one vital question involved in the case, to-wit: Did the train fail to whistle at the crossing? was answered in the negative by the jury. Mr. Snodgrass testified that the train whistled so near the station that he did not have time to get out of its way.

A motion for a new trial will be filed.

ALL IN READINESS FOR PICNIC RECEPTION AT PARK

Arrangements have all been made for the reception picnic at Allingham park. The reception and basket committees are to arrive by five o'clock and the other guests are expected by six when the bountiful dinner will be served. All over Vernon today baskets are being packed for this all fresco luncheon at which the teachers and ministers and families will be honored guests. After the dinner a program of readings, music and stunts will be staged.

To Be Re-united after 43 Years

J. W. H. Turner of Hopkins county who has been visiting relatives here will go soon to Seymour where he will meet a sister who he has not seen in forty-three years.

Forty-three years ago Mr. Turner left Mississippi and came to this state. A sister Mrs. Elizabeth Strange left Mississippi later and also came to Texas. Both married, reared a large family but failed all these years to meet up with each other.

During the Baptist convention, two of their sons, Rev. W. T. Turner of Waco and Rev. Timothy Strange of Seymour met and found out their relationship. Today Mr. Turner received a telephone message that his sister was in Seymour and he will go to see her tomorrow. Mrs. Strange is over eighty years and Mr. Turner is on the shady side of 75.

Electra Day For Fair

Word was received here today by R. H. Coffee, manager of the Wilbarger county fair, that the Electra chamber of commerce had accepted an invitation to come, aid bring a large delegation of Electra citizens to Vernon on Thursday, September 21, which has been designated as "Electra Day." "According to the letter received from president Johnston of the Electra chamber, that city will invade the fair grounds with a long string of automobiles carrying many Electra business men and citizens of the county," said Mr. Coffee this morning. "We are sure this will be one of the biggest days of the fair," he continued.

VERNON HI TEAM IS PREPARING FOR 1922 GAME SEPTEMBER 30

R. B. Galbraith of University Of Missouri Director—Captain Hollar Puts Lads Through Training—Over Thirty-Five Bid For Place On Club—Crowd Here September 30.

About thirty-five youngsters, under the direction of R. B. Galbraith, newly elected coach of the Vernon High School Athletic Club have been working out during the past week preparatory to the laying of a foundation for what promises to be a winning foot ball team this season.

Mr. Galbraith, who is a graduate of the University of Missouri, has been putting the Vernon lads through a series of strenuous drilling at the plunging, tackling and other fundamentals of the game.

The local team this year will be selected from a group of unusually good timber. Captain Hollar at quarter back is recognized as a strong and experienced leader. His work last season was a feature of Vernon's offense and defense fights. Walker, Withers and Key are also showing strong again this season.

Game September 30

The first game will be staged in Vernon against Chillicothe on September 30. The Crowell team will also play the Vernonites here on October 7. Following these games the Vernon lads will go to Wichita Falls and play the high school team of that city on October 14. They will also play a game at Quanah, October 21.

It is pointed out that the Vernon HI failed to play the required number of games last season which would have entitled them to enter for district honors. This year the local team is expected to make a hard fight for the championship of this district, according to Captain Hollar. "The boys are working hard to make the team and when the final elimination takes place I believe the team will have one of the best foot ball squads that has ever appeared on the local field," said Mr. Hollar.

FARMERS CLAMORING FOR COTTON PICKERS

COTTON OPENING RAPIDLY ALL OVER COUNTY AND HELP IS NEEDED NOW.

Due to the rapidity with which the cotton has opened in Wilbarger county during the past week or ten days, an unusually heavy demand for pickers has developed, and throughout the entire county there seems to be a general clamoring for help.

"We have telegraphed Fort Worth, Gainesville, Wichita Falls and other points, but so far, have been unable to find pickers. There seems to be a considerable demand for pickers now. Wilbarger county can take care of five hundred pickers now," said J. V. Townsend, secretary of the chamber of commerce, today.

Farmers in town today looking for pickers say that the cotton is opening very rapidly and pickers are needed badly.

SCHOOLS ENROLL 1185 ON FIRST DAY

316 IN HIGH SCHOOL—GAIN OF 31 FROM LAST YEAR AT OPENING.

Enrollment opening day of the City schools this year numbered 1,185 for all grades and the high school. This is a gain of 8 scholars for last year's count. The high school enrolled 316 for the fall season of 1922 was announced by the principal, J. N. Fulcher, a gain of thirty-one over last year's enrollment in that department.

Twenty-five out-of-town students have enrolled in the high school which helped swell the number from last year's count. These are students who have finished the work in the rural schools of this county and are taking advanced courses here.

Accepts Position With New Firm

Miss Hazel McElroy has accepted a position as stenographer with M. G. Neathery and Company, cotton brokers who recently established offices in the Peck building on N. Main street.

MRS. HARDING IS VERY ILL AT WHITE HOUSE

Latest photograph of Mrs. Warren G. Harding, wife of the President, made at the White House shortly before her serious illness.

MRS. L. G. HAWKINS IS CONTEST LEADER

MANY LINING UP FOR HOME STRETCH IN RECORD MIS-SPELLED WORD CONTEST

With four more issues of the Record's ten scheduled publications of its Community Program remaining, the mis-spelled word contest is drawing intense interest from the large number of local contestants who are bidding for the prizes offered. Mrs. J. W. Brock Jr. and Mrs. J. D. R. Cooper are tied for third place.

A decided change in the lineup is revealed in the percentages computed this week by the contest manager today. Mrs. E. E. Luttrell, who was leading the entire delegation at the close of the fourth issue, has dropped out of the group of the first five in the high score batting order, having been replaced by Mrs. L. G. Hawkins who now has a percentage of .972. The next four money contenders are: Mrs. W. F. Magee .9710, Mrs. J. W. Brock, Jr. .9659, Mrs. J. D. R. Cooper .9659, and Mrs. Walter Ladd .9602.

90 Per Cent Class

A most notable feature of the contest is the fact that sixteen are in the ninety per cent class, most all of whom have a good chance to win a prize. Others in this class, besides the first five are:

Miss Maurine Davis, Mrs. W. H. Huggins, Mrs. S. E. Porterfield, Mrs. C. J. Farrell, Mrs. E. E. Luttrell, Henry Rogers, Mrs. Joe A. Napier, Mrs. J. N. Fulcher, Mrs. A. M. Tackler, Regina Greene, and Mrs. M. C. Culbertson.

Some Are Confused

It seems that there is some confusion and doubt concerning the regulations with reference to the mis-spelled words, and the question has been asked, whether one should mark a word which should have begun with a capital letter, and other violations of correct English.

The contestants are advised that the regulations provide that the word must be actually mis-spelled by the use of wrong letters, or the omission, transposition or other improper use of letters in spelling the words. Punctuation and the improper use of capital letters does not constitute a mis-spelled word under the regulations of the contest.

Four Weeks Remain

The contest will close on October 10, leaving four more issues yet to be published.

The awarding of prizes will be made on the Saturday following the publication of the issue of the Record dated Tuesday, October 10.

Visits His Sick Son

R. V. Manis went to Wichita Falls Thursday to see his little son, Vernon, who is quite ill in a sanitarium there. Mrs. Manis and son had been visiting relatives in Wichita when the little child was taken seriously ill. It is thought that the boy will be able to be brought home Sunday.

ONE HUNDRED THOUSAND DOLLAR SANITARIUM PLANNED FOR VERNON

Wilbarger-Ford Baptist Association Starts Movement At Recent Meeting That May Mean Location Of Big Institution Here—Rev. Mims Confers With State Board—Sanitarium Will Serve Large Territory—Project Long Considered By Prominent Baptists Over District—Forty Thousand Dollars Subscribed Locally.

Announcement was made yesterday by Rev. L. J. Mims, pastor of the Baptist church and other prominent local Baptists that machinery has been set in motion and plans are being worked out for a one-hundred-thousand-dollar sanitarium for West Texas, which, in all probability, will be located in Vernon. It was learned today that the enterprise had been in the minds of many prominent Baptists of this section for several years, but only recently did the church take formal action on the matter and start the ball to rolling which may mean the location of a great benevolent institution here.

Approved by Association

At the recent Wilbarger-Ford Baptist Association meeting at the Mt. Zion church in the Hinds community the matter of a sanitarium was discussed, and the entire membership voted to immediately start the work of raising funds for the new project. Following this endorsement a committee consisting of Rev. L. J. Mims, chairman, L. A. Foster and J. A. Gilliland of Vernon, Rev. J. E. Billington of Crowell, and Rev. Frank McNair of Thalia was elected by the association for the purpose of taking the matter up with the executive board of the Baptist general convention, composed of seventy-five men, who represent over 400,000 Baptists of Texas. Rev. Mims made a trip to Fort Worth and presented the proposition to these gentlemen and requested the state board to contribute \$25,000 to the movement.

In commenting on this phase of the new enterprise today the local pastor said: "Our proposition will undoubtedly receive favorable consideration from the board and with the assistance already pledged by local people, Vernon has the opportunity of her life to secure a great institution." The executive board appointed a committee to investigate the matter.

\$10,000 Pledged

It was learned today that the Wilbarger county medical association had already pledged \$20,000 to the sanitarium fund, and that an equal amount had been promised from another source, the identity of which was not disclosed, making a total of \$40,000 to start with.

Discussing the matter yesterday with a Record reporter, a prominent local Baptist said: "While the sanitarium will be operated and controlled by the Baptist church of Texas, it is expected that a great majority of the entire citizenship of the territory surrounding Vernon will contribute to the cause. It will be operated for the benefit of the public, irrespective of church affiliations. It's a great opportunity for Vernon as well as this entire section of the state."

Covers Big Field

Local Baptists call attention to the fact that the Vernon Sanitarium will be the only institution of its kind closer than Fort Worth, with the exception of a similar institution, the building for which is now under construction at Abilene. The citizens of that city recently raised \$150,000 with which to erect a sanitarium. This was augmented by a \$100,000 contribution from the state board and Abilene will soon have, ready for operation, a quarter-million dollar sanitarium. It was suggested yesterday that efforts are being made to start a similar movement in Amarillo, but if Vernon succeeds in the movement here the Amarillo project may be abandoned.

Attention is called to the fact that Vernon will be one of the seven Texas cities in which a Baptist sanitarium is located.

Mass Meeting

It is proposed that a mass meeting of Vernon citizens be called at an early date to discuss the matter and formulate plans looking to the matter of raising the balance of the funds needed before the actual work in connection with the building can be started. The Baptist women's organizations will take an active part in the movement and a committee of two women will be appointed to confer with the committee.

The committee in charge expects to secure at least \$75,000 and a suitable site before starting the building.

Covers Large Area

After a meeting of the executive committee which will be held next week, it is planned to call a general mass meeting of the Wilbarger-Ford Association and all of the adjoining association in the territory that the proposed sanitarium will serve, which will embrace about twenty West Texas counties.

Rev. Mims, who has only recently assumed the pastorate of the local Baptist church, is a member of the state board. The new pastor has been active in the development of public institutions in Texas for a long time, having served as president of the Howard Payne college at Brownwood for eight years. He is recognized as one of the foremost Baptist ministers of Texas.

SAYS FARM EXHIBITS SHOULD BE ON GROUNDS BY TUESDAY

Lon Byars, president of the Wilbarger County Fair Association, issued a statement today requesting that all farm exhibits be placed on the grounds by next Tuesday.

"In order to get everything straightened out and properly arranged I am requesting that all of the farm exhibits be placed on the grounds by Tuesday of next week. We will be prepared to meet the exhibitors on the grounds and see that everybody is properly cared for," said Mr. Byars this morning.

The management of the fair recently stated that an unusual amount of interest is being manifested in the agricultural department this year, and a good showing is expected.

Wilbarger Grows Real Pears

About two miles southwest of Vernon will be found a twenty-acre pear orchard. J. E. Lutz is its owner. The orchard is about fourteen years old, and according to Mr. Lutz, it produced in 1919 fruit that amounted to about \$12,000 in value. Mr. Lutz says that this year is the second best crop the orchard has ever produced.

"The pears are the 'Kieffer' variety, and in my opinion Wilbarger county is the natural home for the Kieffer pear," states Mr. Lutz. "These pears, which are the most delicious that can be found, weight from three-quarters to a pound and a half."

Mr. Lutz asserts that he will raise ten to twelve thousand bushels from the twenty acres in a normal season.

Merchants To Close

R. B. Sherrill, manager of the Retail Merchants' Association, announced today that the members of his association had voted to close their places of business on Wednesday, September 20, from 12 to 5 o'clock, in order that their employees might attend the fair on "Vernon" day.

WEST TEXAS COUNTIES AT STATE FAIR SHOW

West Texas Chamber of Commerce
Cooperating With State Fair
Officials.

In full cooperation with officials of the State Fair of Texas, the West Texas Chamber of Commerce Porter A. Whaley of Stamford, manager, is hard at work to the end of fullest representation at the forthcoming Fair, Oct. 6-16.

Mr. Whaley has advised State Fair officials that B. M. Whitaker, exhibit manager of the West Texas Chamber of Commerce, is now in the field on an automobile tour. He is visiting various West Texas counties encouraging them to line up and send exhibits to the State Fair. He will also place exhibits in the hands of competent persons and raise funds with which to transport them to Dallas.

Oct. 13 is West Texas Chamber of Commerce Day at the Fair, and the Fourth Annual Exhibitors' Banquet will be held that night.

MAGNIFICENT FIRE SPECTACLE TO BE STATE FAIR FEATURE

Before a built-up back-scene 500 feet long, constructed of heavy timbers and carrying the impression of distant mountains, there will be given at the State Fair of Texas, at Dallas, Oct. 6-15 this year, what is declared to be the most magnificent fire or pyrotechnic spectacle, even seen in the southwest.

Called "Mystic China," this year's State Fair "fire festival," it is said, is enacted to a carefully constructed scenario and by a number of real actors. It depicts an assault on an ancient Chinese city by a Tartar band; a repulse by the inhabitants and the subsequent celebration of the victory.

There is shown in a wonderful fire display the temple of the purple and gold Budda; the "Feast of the Lanterns," the "Festival of Spring," the "Feast of the Dragon," and many other spectacles.

An elaborate daylight program has also been arranged for the grand stand enclosure, including Lillian Boyer, girl flyer, and the "Aerial Circus" of more than twenty thrilling acts.

FOOTBALL GAMES ALREADY SCHEDULED DURING THE FAIR

Five football contests have already been scheduled between rival teams to be played in the big athletic stadium at the Fair Grounds, during the State Fair of Texas at Dallas, Oct. 6-15. There are several other days, but these are expected to be filled shortly. Games already scheduled include:

Oct. 10—A. & M. of Texas vs. Tulsa University, Tulsa, Okla.
Oct. 11—Oak Cliff High vs. Waco High.

Oct. 12—Grubbs Vocational School vs. East Texas Normal.
Oct. 13—Waco High vs. Tulsa High, Tulsa, Okla.

Oct. 14—S. M. U. of Dallas, vs. Louisiana State University.

A notable art collection will be on exhibition at the State Fair of Texas, Dallas, Oct. 6-15 this year. Julia Onderdonk, Texas artist, has secured a collection of pictures said to be valued at five million dollars. They will come to Texas with the option of purchase of any among the collection, and the return of those not purchased, after the Fair is over.

Will you drive to the Fair?

STATE FAIR OF TEXAS
DALLAS OCT 6-15

Leaves For Training School

Miss Alice McLarty who has been spending the summer with relatives here will leave tomorrow for Kansas City, where she will attend Scarritt Bible Training School. This is an institution where missionaries are trained and Miss McLarty will finish this year. She has volunteered to do home missionary work and will not leave the United States. Miss McLarty does not know at this time where she will be sent.

AMERICAN LEGION MEMBERS FINED FOR BEING A. W. O. L.

At a mock trial staged at the American Legion hall, E. O. Youngblood and M. C. Culbertson were tried on charges of being absent from the last regular meeting and were fined by the court E. M. Haney, another prisoner escaped and his bond has been declared forfeited.

H. B. Hingst acted as trial judge and A. A. Hingst was made clerk of the court. The prisoners pleaded not guilty, a jury was selected but the men were not allowed to challenge the jurors. John Storey acted as prosecuting attorney and three witnesses for the prosecution were put on the stand.

Before the case was argued before the jury, the judge delivered his charge and fined the jurors ten cents each. The case was given to the jury who returned promptly with a verdict of guilty and the prisoners were fined a box of cigars. T. L. Rouse was also fined \$12.00 to refund to the jurors the dimes paid to the judge. The prisoners were also sentenced to run the gauntlet but escaped down the fire escape.

MANY BY-PRODUCTS RETURN PROFIT TO CITRUS GROWERS

To offset the serious losses in the citrus fruit industry occurring through bruised, undersized, or oversized oranges, grapefruit, and lemons usually allowed to go to waste, the Bureau of Chemistry of the United States Department of Agriculture has investigated methods for getting by-products that will return a profit to the grower. Some of these products require a preliminary expense for equipment, but it has been demonstrated that the investment can soon be made profitable.

Grapefruit juice, which is increasing in popularity, can be easily made. If directions for pressing, straining, pasteurizing, clarifying, sweetening, and bottling the juice are carefully followed, these directions may be obtained from the department. A blend of grapefruit juice with loganberry juice has been found popular.

Orange vinegar is a satisfactory substitute for apple vinegar and should be made in districts where many cull oranges would otherwise be a total loss. Citrus acid is a valuable commercial article which can be made from cull lemons or limes, if proper apparatus is installed.

Other by-products from citrus fruit wasted include candied citrus peel, for use as a confection or by bakers, in place of citron, marmalades, jellies, butters and pectin.

DEMONSTRATES MAKING OF A COMMUNITY PROGRAM WORK

A demonstration of the development of a community program of extension work was given at the annual conference of Louisiana extension agents of the United States Department of Agriculture and the State Agricultural college, held in Baton Rouge in August. A program for a near-by community was completed before an audience of extension agents and farmers, with the assistance of four farm families who discussed the leading agricultural interests of this community and what they considered the most pressing problems.

The demonstration showed that the extension agent should make a close study of the community before attempting the formation of any program, and must use the care, patience and skillful questioning at the conference of the community program committee in determining the real problems. When the program is completed, the demonstrations should be followed by well planned meeting, tours, and other publicity in order to get the largest possible number of people to accept the practices which the demonstrations have shown to be worth while locally.

EXCELLENT CHANCES AT FAIR TO STUDY GOOD LIVESTOCK

Exhibits of improved live stock and poultry at county and state fairs this year promise to be unusually interesting, according to reports received by the United States Department of Agriculture from many sources. In practically all parts of the country excellent live stock exhibits are to be attractive features of fairs. The attention which breeders and farmers have been giving to good live stock, combined with good feed and care have resulted in some exceptionally well-bred and well-fitted animals.

In encouraging farmers to take advantage of the opportunities which fairs and live stock exhibits give for observing improved live stock and poultry the Department of Agriculture places emphasis on the following points: Live stock displays afford an opportunity to study breeds and types and to see a large number of good animals. In the case of meat animals the size, conformation, and uniformity are worthy of special study in view of increasing tendency to raise purebred and high grade stock as market animals as well as for breeding.

Farmers attending live stock displays obtain useful information by meeting others who are interested in superior breeding and feeding methods. Better ideas exchanged and information gained, new enthusiasm for this work is a common result.

Animals and poultry may be purchased at most fairs, though as a rule it is more satisfactory for a farmer to purchase animals at the home of the breeder than to buy fitted animals at fairs. Animals that have been prepared for exhibition usually are priced higher than unfitted ones of similar quality and breeding.

SUCCESS ATTENDS CONTROL MEASURES IN PEACH ORCHARD

One of the best peach crops ever produced in Georgia has just been harvested. It is reported to the United States Department of Agriculture. Very good progress was made in overcoming the heavy curculio infestation. All varieties, through to the close of the Elberta season, have been unusually free from curculio larvae.

Careful investigations of commercial orchards treated according to the advice of department and state specialists showed that curculio damage was not greater than an average of one wormy peach in each five-eighths bushel basket. In these orchards dropped fruit was picked up and destroyed, and cultivation for the destruction of pupae practiced, in addition to very thorough spraying.

Vernon Record Want Ads bring results.

ENTRANCE CREDITS REQUIRED IN COLLEGES AND UNIVERSITIES

The attention of all students is called to the entrance requirements in the various Texas colleges and universities. All of these schools require a total of 15 units. Most of these are prescribed in certain subjects, the remainder being elective. The prescribed units for the various colleges and universities are as follows:

English 3, history 2, algebra 2, plane geometry 1, foreign language 2, science 1 in Austin college at Sherman, Simmons College at Abilene, Incarnate Word College at San Antonio, Christian University at Fort Worth, Trinity University at Waco, and Abilene Christian College at Abilene.

The following colleges and universities prescribe three units of English 2 of history, 2 of algebra, 1 of plane geometry and 2 of a foreign language: University of Texas at Austin, Daniel Baker College at Brownwood, Howard Payne College at Brownwood, Our Lady of the Lake College at San Antonio, and Southwestern University at Georgetown.

In addition to the usual English, history, algebra and plane geometry, three units in one foreign language or two each in two foreign languages are required by Southern Methodist University at Dallas and Texas Presbyterian College at Milford.

In addition to the general requirements just mentioned the College of Industrial Arts at Denton prescribes two units in either science or foreign language, and Baylor University at Waco prescribes one unit in science but no foreign language.

Baylor College at Belton and all of the six state normal colleges prescribe the usual eight units in English, history and mathematics. The Agricultural and Mechanical College at College Station is the only college in Texas that prescribes only six units: English 3, and mathematics 3. Texas Woman's College at Fort Worth is the only one prescribing only one unit in history along with the eight in English, mathematics and foreign language.

It should be noted that every college or university in Texas prescribes three units in English, 2 in algebra, and 1 in plane geometry and that all but two prescribe two units in history. Most of them prescribe two units in language but some will allow this to be made up after the student enters. When selecting his course the student should keep in mind the above facts, and so arrange his courses as not to be embarrassed after graduation by being refused admission to the college which he wishes to attend.

Abbott of Amarillo Here
Leland Abbott of Amarillo visited his mother, Mrs. A. Allison here Wednesday.

Wednesday enroute to his home from Dallas, where he had been attending a convention of the Jefferson Life Insurance company. Mr. Abbott last year was the eighth man in the United States to qualify in the \$100,000 club for which he received a cash prize.

A model of the poultry house recommended for farm flocks by the State College of agriculture, attached to the county extension agent's automobile, has been carried by the agent in McDonald County, Mo., on his demonstration trips for several months. Special demonstrations of its construction were given at 14 community fairs. As a result 21 new poultry houses, modeled on this type, are under construction in the county, according to reports to the United States Department of Agriculture, and 27 poultry houses were remodeled last year.

Insects Damage Canal Cables.

Insects may damage metals and other materials, in addition to crops. According to reports received by the United States Department of Agriculture, the termite *Coptotermes niger* Snyder is causing serious damage to lead-covered cables at the locks of the Panama canal. These termites work through the lead, often causing large openings, and then travel between the two wires of the duplex cable. Since the space between these two wires is not large, they eat away the insulation. Another termite, *Nasutitermes ephratae* Holmgren, is also a very serious offender. It does not care for lead, but works havoc in rubber, cloth and other insulation. Studies on these and other termites are being made.

At the Vernon Theatre

The most masterful photoplay of all film history has been founded on "A Certain Rich Man," William Allen White's world famous novel. It is a

HAD GIVEN UP HOPE FOR HER BABY

Ware's Baby Powder Relieved Bowel Trouble Over night. Baby Soon Fat and Healthy.

Mrs. John Webb, 7115 Avenue E., Magnolia Park, Houston, Tex., writes as follows: "My baby was sick two weeks ago with stomach and bowel trouble. I gave her everything I could hear of and everything the doctor sent her, but nothing would do her any good. I had almost given up all hope when one of my neighbors told me about Ware's Baby Powder. So I sent for the powder and gave the first dose about 11:30 that night, and the next morning her bowels were regulated. Now my baby eats like a little pig and is fat and healthy."

Ware's Baby Powder is harmless and babies and children love to take it. Given in liquid form mixed with sugar and water. Prescription of famous old doctor; in use over 40 years. At drug stores, 50c and \$1.00. Prepared by The Ware Chemical Co., Dallas, Texas. Adv-2

MUSICAL ARTISTS THRILL AUDIENCE

MISS CATHERINE PIERCE AND
MISS ENA EVERTON STAGE
WONDERFUL CONCERT.

What was considered by everyone who was fortunate enough to attend the concert, an almost perfect exhibition of musical art was staged at the high school auditorium last night by Miss Catherine Pierce, local violinist, and Miss Ena Everton, accompanist and entertainer of Lubbock.

Miss Pierce, who has attained a wide reputation, not only in Texas, but also Colorado, California and other places, gave one of the most faultless exhibitions of violin music ever heard in Vernon. Indeed it is doubtful whether the nationally known artists could have any more than equaled the wonderful music produced from the violin last night by the local artist.

Super-exquisite tones and almost faultless technique characterized every rendition. The audience was exceedingly enthusiastic and encored repeatedly. The stage setting was beautiful.

A treat rarely enjoyed by a Vernon audience, was given by Miss Everton, who thrilled the audience by her wonderful and perfect piano performances. Her clever rendition of pianologues brought forth enthusiastic applause.

Little Miss Dorothy Piper surprised the audience with her wonderful violin renditions.

STATE FAIR READY FOR BOYS AND GIRLS

Annual Encampment of Young Texas
Farm Folk To Be Big Fair
Feature.

Boys and girls from Texas farms will attend the State Fair of Texas at Dallas this year in number. Dates for the annual encampment and prize-winning contests at the Fair have been announced and officials of the extension department of A. & M. College are active in preparation for the events.

Members of accredited Boys Farm Clubs will encamp at the Fair Oct. 9-11. Members of girls' clubs will be at Dallas Oct. 12-14. Both boys and girls will be guests of the Fair in the big encampment building, and will contest for the three prize scholarships in Texas colleges offered by the Fair Association. In addition they will contest for the handsome prizes offered by the Dallas County Seed Breeders' Association.

The Fair scholarships in A. & M. College, John Tarleton College, or Grubbs Vocational school, will be offered, first, for the best record in corn production; second, for the best peanut production; and third, for the best record in grain sorghum.

Visiting boys and girls will be looked after while in Dallas by duly appointed chaperones and guides, in whose charge they will be while at the Fair, and under whom they will take in all the sights and see all the instructive exhibits.

R. W. Persons of A. & M. College, will be in personal charge of the boys' encampment, while Miss M. Helen Higgins, also of A. & M. will have charge of the girls. Full particulars may be had by applying to either of these college officials.

SPECIAL DAYS AT STATE FAIR SO FAR DESIGNATED

Several weeks before the opening of the State Fair of Texas at Dallas, a number of special days have already been designated. They include designations that will be of interest to people in various walks of life throughout the state. The Fair opens Oct. 6 and continues through Oct. 15, inclusive, and the special days thus far assigned are as follows:

Oct. 6—Children's Day, Music Day, Boy Scouts' Day.

Oct. 7—Press Day, with Texas editors attending as guests of the Fair Association; also Travelling Men's Day.

Oct. 8—International Day; first Sunday concert; amusements and exhibits open as usual.

Oct. 9—Boys' Educational Encampment opens; Texas Women's Press Association Day; Grand Army of the Republic Day; Orphans' Day.

Oct. 10—Dallas Day; "Patrons of 1886" the first State Fair; second day of Boys' Club Encampment.

Oct. 11—Confederate Day; Boys' Educational Encampment Closing Day.

Oct. 12—League of Texas Municipalities Day; Cattleman's Day; League of American Pen Women's Day; Dallas Pen Women's Day; Thirty-Sixth Division Day; Opening Day of Girls' Encampment.

Oct. 13—Chambers' of Commerce Day; Oklahoma Day; Gainesville Day; Oil Men's Day; Mexico Day; West Texas Chamber of Commerce, Exhibitors' Banquet at night.

Oct. 14—Social Welfare Day; "Fun Fest" beginning at 9 p. m. Other special designations to be made later.

Oct. 15—Closing Day; second Sunday concert program in Coliseum; all exhibits and amusements open as usual.

**STATE FAIR OF TEXAS
DALLAS, OCT. 6-15**

The Fargo community will have a booth at the coming county fair. Everyone in the community is urged to assist in this matter and is asked to bring all products they may have to H. H. Scherer's residence Monday afternoon, Sept. 18 where all products will be labelled and prepared for exhibition and from where they will be carried to town.

GREEK KING QUILTS PALACE AS REVOLT THREATENS.

M. Venizelos, King Constantine

King Constantine, of Greece, once removed from his throne by the Allies, but later permitted to return, is reported to have quit the palace at Athens in the face of what appears to be a revolt against his unpopular war against the Turkish Nationalists and the terrible losses sustained by his utterly crushed army. It is believed the party supporting M. Venizelos, Premier, who stood by the Allies in the World War, will endeavor to step in and gain control of the nation.

AIRPLANE DUSTING IN CONTROL OF COTTON WORM

Airplane dusting as a means of control for cotton-eating worms is being given a thorough test by the United States Department of Agriculture, in co-operation with the War Department, which is loaning planes and pilots for experimentation. The work is going on at the Delta Laboratory of the Bureau of Entomology, at Tallulah, La., under the direction of R. R. Coad.

The necessity of reaching every part of a large area as rapidly as possible in case of a severe infestation led to these experiments, which have so far given very encouraging results. The width of spread taken at a trip by the plane is yet to be determined, but it is known that the dust delivery from a plane can be controlled to poison effectively a strip of any desired width from 20 to 400 feet. About 2 pounds of calcium arsenate to the acre insures a very thorough dusting.

A hopper without any feed mechanism whatever has been developed, using the air current created by the plane to deliver the dust and break it up into very fine particles. The speed and thoroughness with which this is accomplished, the amount of adhesion to the plants and the economy of operation, have been advantages obtained by the use of the airplane. Even with a small hopper necessitating frequent landings, about 250 acres of cotton can be treated in an hour.

"Ladies and gentlemen, you will see something fine when Willie Jones eats a whole great big box of Kellogg's Corn Flakes because that's the only kind he will eat a whole box of."

It's a joyous treat to sit down to a bowl of Kellogg's Corn Flakes

You'll agree that you never ate such delicious, such satisfying cereal as Kellogg's Corn Flakes! Those big, sunny-brown "sweet-hearts-of-the-corn" are so fascinating in flavor and so crispy and crunchy that you don't wonder the children are thrilled to eat them!

Compare Kellogg's with imitations to realize their quality, their appetizing appeal, their wonder-crispness! Unlike imitations, Kellogg's are never tough or leathery or hard to eat! Each heaping spoonful of Kellogg's is even more joyous than the last—there is no end to the happiness that is yours eating Kellogg's Corn Flakes!

ASK FOR KELLOGG'S! Be sure that you get Kellogg's—the delicious Corn Flakes in the RED and GREEN package that bears the signature of W. K. Kellogg, the originator of Toasted Corn Flakes. NONE ARE GENUINE WITHOUT IT!

LIVESTOCK IMPROVEMENT TOLD IN RADIO MESSAGES

Operators of radio-receiving sets in Michigan and neighboring states who "listen-in" during the next few weeks will learn how to improve their live stock. At the suggestion of officials in charge of the Michigan State Fair, the United States Department of Agriculture has prepared messages explaining the various features of the Government exhibit to be shown there. A booth on the utility value of purebred live stock is one of the interesting displays. Compared with common live stock, purebreds are shown to have about 40 per cent greater earning power based on utility alone.

This booth gives a few of the reasons why purebred sires especially should be used on farms, and the Department of Agriculture is ready to supply literature for aiding livestock owners to improve their herds and flocks.

MORE PIGS RAISED BY SOWS PUT ON BALANCED RATIONS

Sows put on balanced rations raised 71 per cent more pigs than those receiving the same management but fed on low protein rations in a "Save the Pig" campaign carried on by extension workers in Kansas last spring. Farrowing records were kept by 53 farmers. According to a report received by the United States Department of Agriculture, 263 sows on 29 farms received corn and a protein supplement of either tankage, skim milk, alfalfa or linseed oil meal. These 263 sows farrowed 2,669 pigs, an average of 10 to a litter; of these pigs, 1,713 were weaned, an average of 6.5 pigs per litter. On 11 farms, 166 sows received mostly corn rations, farrowed 1,194 pigs, an average of 7 to the litter; of these pigs 1,645 were weaned, an average of 3.8 pigs to a litter.

HOLLAR LISTENS IN; HEARS TEN STATIONS THURSDAY

Jess Hollar, on a home made radio outfit installed about three weeks ago picked up ten stations last night from 9 to 11:30.

He says: "My first station was WKAF, Wichita Falls. Next was WOS Davenport, Iowa. A fine band concert was on. Next was KSD, St. Louis Post. He was giving a lecture on health. Then came in Atlanta Journal, Atlanta, Ga. calling WBAP, Waco, WLAJ came in with concert and signed off. Next I picked up KIZ, Winters at Denver, Col. Sweeney Automobile School WHR, Kansas City band concert, quite swell."

with various kinds of selections. Just before 10 o'clock WPA Ball reports some good music and signed off. KZN Salt Lake City was next to come in. Next was a low call from National Guard, Denver.

"I didn't get any other calls but heard from KSD that Arkansas has spent one hundred million dollars for roads. Before shutting off for the night I enjoyed another concert from WMB."

Mrs. A. M. Bourland and son, Delphus Bourland, left this week for Kellar where they will visit relatives. From Kellar, Mr. Bourland will go to College Station where he will enter A. & M. College of Texas.

THE RURAL MOTHERS' CLUB

By Phoebe K. Warner

Twenty-five years ago the first Mo-
thers' club in America was only a few
months old. For years before this
time the mothers of the city had been
organizing for different work. They
had organized themselves into groups
for study. They had banded together
for missionary work. They had form-
ed societies to fight the liquor traffic.
But for some reason the home and the
child was the last motive for organiz-
ation.

That seems strange doesn't it? But
it is one of those natural things that
none of us can understand. The idea
seemed to be that motherhood and
childhood were simply two natural
conditions that needed no thought, no
preparation, no education. When you
get right down to brass tacks most
folks still think the same thing.

In all multiplied courses of study the
last to be added to our college curri-
culums is the course in home making,
motherhood and child rearing. Why,
all these courses are so new yet that
most of us do not know anything about
them. But they are coming and we
are all learning. Yes, we are. There
is not a class of American citizens in
all the list more anxious to grow and
yearn and fit themselves for their pro-
fession than the American mothers.

But we are going to create our own
schools. We will have to be our own
teachers and plan our own course of
study. And today there is scarcely
a town of any size along the railroad
that does not have a Mothers' Club or
organized for the promotion of the school
interests in their community. But
how about the rural schools.

How many mothers' Clubs are there
in the country? Now, so far as moth-
erhood is concerned there is not a
spark of difference between a rural
mother and a city mother. Mother
love and mother interest is the same
throughout the nation. Every moth-
er wants the best possible for her child.

The silliest idea afloat today is the
idea that there is any particular dif-
ference in the desires and the ambi-
tions of motherhood for their child-
ren. There is no difference between
the mothers. The only difference is
the distance from one mother to an-
other. And so it happened that the
mothers who lived nearest to one an-
other got together one day 25 years
ago and decided to do something in
the name of American motherhood for
the children. It happened in the city
because there were more in the city
to inspire the thought. It happened
in the city because every other wom-
an's organization was located in some
city. It happened in the city because
a few women could either walk or get
on a street car and get together in a
few minutes and then go home in a few
minutes and not be missed long from
their homes. And another reason it
happened in the city was because the
women of the city had more time to
give to work outside of the home.

Was it a good thing? Has the work
of the Mothers' Congress proved worth-
while to the nation? Has the school
been helped by its organization? And
more than that have the mothers
themselves been helped by their asso-
ciation with one another in the name
of their children?

There is not a doubt in the minds of
those who know anything about the
work of the Mothers' Congress but that
more is done to promote child welfare
in one year through the combined ef-
forts of the Mothers' Club of Ameri-
can than used to be done in a quarter
of a century before the mothers took
any interest in the development of the
schools.

But up to this day scarcely half of
the children of our country attend a
school where a Mothers' Club takes a
motherly interest in the welfare of the
school. Why? Because the great ma-
jority of the rural mothers have not
yet been organized for any community
service. But it is coming, too. The
mothers on the farms are realizing ev-
ery year the necessity of organized ef-
fort on their part if they are ever to
have the right kind of schools for their
children. And when all the farm moth-
ers once get to work for better
schools watch what happens.

It is going to take more effort,
more sacrifice, more time, and more
patience to perfect the rural mothers'
club. But it can be done. And this
year we want to hear from more of the
rural clubs. First of all it is harder
for the farm woman to shut up her
house and leave it all afternoon to go
to any kind of a meeting. There is
not always someone to leave the little
children with. Sometimes it is in-
convenient for her to have a way to
go to the school house for the meet-
ing. Some of the mothers live so far
they can not attend regularly. And
then the question of leadership comes
up in the rural club just the same as
in the city club.

But year by year these problems will
solve themselves. Let's set a stake,
hitch our wagon to a star this year.
We have no idea how many rural
schools have organized clubs, but let's
resolve to organize Texas this year
one thousand (1,000) Rural Mothers'
Clubs. And let's pledge ourselves to
do at least one thing to make our
school a better place for our children.
Mothers of Texas, you will love your
school more, you will love your teach-
er more, and you will love their child-
ren more, if you will get together once
a month or more often if possible and
do something for the development of
your school. We can have anything
in Texas we want bad enough to work
for it. Let's want the best for our
children's education.—Star-Telegram.

"What has become of the old-fash-
ioned fiddler who used to play, 'Pop
Goes the Weasel?'"—Longview Times-
Clarion.

At the reunion of Confederate Veter-
ans a little over a year ago, a trio of
fiddlers from northwest Texas were
distinguished guests at the meeting.
The press throughout the southland
heralded the performances of these
musicians as being a superb classic.
Received by the governor of Tennes-
see, and escorted to the hall of Repre-
sentatives and introduced as the dean
of the nation's bow artists, a trio of

Vernon fiddlers gave to the world a
real exhibition of how to play "Pop
Goes the Weasel."

"Since the East Texas publisher has
apparently forgotten this memorable
decision, The Record will direct it to
Vernon where there can be found 'The
old fashioned fiddlers who still play
'Pop Goes the Weasel.'"

Foster's Bulletin.

Washington, Sept. 16.—October will
be one of the most rainy, disagreeable
months of the 13, of which its 16th
day will be their center. Tempera-
tures will go to such extremes that the
three great cold waves of the last
three weeks of that month will de-
mand heat in residences and offices
three weeks earlier than usual. That
means that heat will be in demand
along and north of latitude 40 near
and after October 6, and that frosts
will be two weeks earlier than usual.
The principal reason is that three se-
vere storm periods, centering on Oc-
tober 3, 12 and 27, will constantly keep
the atmosphere stirred and prevent
warm air from accumulating, the re-
sults being the reverse of the early
September warm wave. But the in-
midity—moisture in the atmosphere—
will continue great east of Rockies;
better weather will prevail west of
Rockies, October rains are of principal
hope for putting the soil in good con-
dition for sowing winter grain, but
in large sections it will be cheaper to

STORIES OF GREAT INDIANS

By Elmo Scott Watson

Copyright, 1922, Western Newspaper Union

RED CLOUD VICTOR IN AN AMERICAN WAR

THE average school histories assert
that America has been victorious
in all of her wars. But they are
strangely silent about a conflict in
which one man defied the power of
the United States and dictated his
own terms of peace. That man was
Red Cloud (Makpika Luta), chief of
the Ogallala Sioux.

When government commissioners
sought the right to build forts along
the Bozeman trail to the Montana
gold fields, Red Cloud steadfastly op-
posed this encroachment on the choic-
est hunting grounds of the Sioux. In
a council of his people he declared:
"Dakotas, I am for war!"

Col. H. E. Carrington entered
Wyoming, nevertheless, to build the
forts and Red Cloud sent him this
defiant message: "I shall stand in
the trail." A war followed in which
the Ogallala leader killed 81 soldiers
under Colonel Fetterman near Fort
Phil Kearney. This loss was avenged
the next year when Red Cloud lost
half of the 3,000 warriors whom he
sent against 32 soldiers in a wagon
box corral.

Despite this reverse Red Cloud re-
mained master of the situation. In
1868 he delivered his ultimatum to a
peace commission. The forts must be
abandoned and all further attempts
to open the Montana road must cease.
More than that, he fixed the bound-
aries of the Sioux country to suit
himself. The commissioners agreed
to every demand, for the Ogallala chief
refused even to meet them until the
garrisons had actually been with-
drawn. His victory was complete.

From the day he signed the treaty
he kept his promise to live at peace
with whites. "Ninety-one years old,
blind, almost deaf, he sits dreaming
of the past," writes one who visited him
then. "No wonder he is irritated by
the idle information seeker. Who
would be called back from the dreams
of his youth? Sightless and infirm,
he is reliving the days of his youth
when he sat on his horse as king, the
pride of the great Sioux nation.

"To his ears must come the roar of
the hunt as the countless bison herd,
like a tidal wave, rolls by. And again
the great day of his life, when his
red-blanketed band swept down on
the hapless Fetterman troop. Even
now his heart must seem to stand
still as he lives over again that re-
fusal day of the Wagon Box fight, when
he hurled the pick of the Sioux na-
tion against the riflemen."

On December 10, 1909, the old man's
dreams ended and Red Cloud, the great-
est war chief of the Sioux, died.

Makes Stoves Shine

Black Silk Stove Polish

is different. Lasts four times as long as ordinary
polish and gives your stove a brilliant, silken finish.
It is not too hot or too cold for your stove to look
like new.
Made by a special process of the highest grade ma-
terials. Guarantees to—used less effort and less
waste. Will not get in and out of the crevices and
draw works like the first. Burns in crevices and
same quality, same results. And the it-ones can still
conserve you. Grate from your stove today.
Use Black Silk Stove Polish from Economy Co.
grates, registers, stove-covers, etc., etc., etc.
Use Black Silk Stove Polish from Economy Co.

buy grain now than to produce it in
1923. Hurricane southwest of Li-
beria near October 20, will drift west-
ward, but I cannot locate its move-
ments.

Section 1.—North of latitude 47, be-
tween meridian 90 and Rockies crest;
lowest temperatures, September 25,
October 1; highest September 28; av-
erage warmer than usual. Severe
storms and increasing rains first week
in October.

Section 6.—South of 36, east of lon-
gitude 90; lowest temperatures 25, and
October 1; highest 28, and October 3.
Average warmer than usual; severe
storms and heavy rain first week in
October. See hurricane, first para-
graph.

Section 2.—East of 90, north of 47;
lowest temperatures 27, and October 2;
highest 25 and 30; average warmer
than usual. Severe storms first week
in October and increasing rains.

Section 7.—North of latitude 43 1-2,
west of Rockies' Crest; highest tem-
peratures 20 and 25; lowest 23 and
27; average warmer than usual. A
little increase in rain first week in Oc-
tober and rough weather.

Section 3.—Between 39 and 47, and
between 90 and Rockies' crest; high-
est temperatures 20 and 30, lowest 25,
and October 2; average near normal.
Severe storms and increased rains
first week in October.

Section 8.—South of 43 1-2 to Mexi-
can line, west of Rockies' crest, high-
est temperatures 24 and 26; lowest,
29; average warmer than usual. Some
rough weather first week in October
and a little increase in rain.

Section 4.—East of Meridian 90, be-
tween 39 and 47; lowest temperatures
23 and 29; highest 20 and 26; av-
erage warmer than usual; severe storms
and increased rains, with lower tem-
peratures first week in October.

Section 5.—South of latitude 39 and
east of 90; highest temperatures Sep-
tember 26, October 3; lowest 23 and
29; average above. Severe storms, in-
creasing rains first week in October.
See hurricane, first paragraph.

SPECIAL MUSIC AT METHODIST CHURCH NEXT SUNDAY

The First Methodist church will
have special musical programs both
morning and evening Sunday, is an-
nounced by the choir director. This
will be the last appearance for some
time of two of the prominent members
of the choir, Miss Catherine Pierce
and Miss Georgia Castlebury who
leave next week for school. Miss
Pierce will attend Southern Methodist
University at Dallas where she will

specialize in the study of violin and
Miss Castlebury will return to Texas
Woman's College at Fort Worth where
she will take a post-graduate course
in piano, violin and pipe organ.

Miss Pierce will play and Miss Cas-
tlebury will sing at these services.
The following program has been ar-
ranged:

Sunday 11 A. M.
Voluntary—Aidan Marcia in D—
Hackett.

Violin Solo.—Adagio Pathétique—
Godard—Miss Catherine Pierce.
Offertory—Cantilena in D. Flat—
Salome.

Anthem—Break Forth Into Joy—
Lorenz—Choir.
Baritone Solo, selected—Edwin Lis-
man.

MEN!!

The first breath of winter brings that often repeated sug-
gestion that the old suit should be cleaned and pressed for
fall wear. May be it needs a patch or a pocket, a new lining,
or remodeling all over. It is not too early to ORDER that
fall suit. We represent some of the leading Tailoring Com-
panies of the country.

LADIES!!

Cool weather demands warmer clothes. That dress which
was put away last spring will look fresh and nifty when it is
cleaned and pressed. Possibly it would look better in a dif-
ferent color. Let us dye it to suit your taste. Any kind of
work that is needed to meet your suggestion will be done
with accuracy and skill.

NOW!

Don't wait until the frost of winter comes to have your
repairing and cleaning done.

Let us do it while we are not rushed—Do It Now.

Miss Lillian Newton left for Seagraves Thursday where she goes on business. She was accompanied by Miss Mary Catherine Massie as far as Canyon. Miss Massie was on her way to Roswell, N. M. where she will spend the winter with relatives.

BIBLE CLASS TEACHER QUILTS OVER POLITICS

Wichita Falls, Sept. 13.—The final chapter in one phase of the local Mayfield Ferguson race was not written until yesterday, when the men's Bible class of the Floral Heights Methodist church accepted the resignation of C. C. McDonald as its class teacher and elected S. A. L. Morgan to the post.

McDonald offered his resignation the Sunday following a Ferguson rally where he made the principal speech, stating when he did so that he understood there was considerable objection to him because of his activity for Ferguson. On motion of a member of the class the resignation was tabled until the return of the class president. On his return this week the matter was again offered and McDonald's resignation accepted.

NOTED VIOLINIST TO APPEAR AT HUGGINS STUDIO

Ethel Allen Nelson, violinist of Wichita Falls, will appear in recital here tomorrow night at the Huggins studio at 8 o'clock. The change from the Presbyterian church, where he was to appear has been made by the request of Mr. Nelson, who wants to meet the people of Vernon in a reception after the concert. He thanks the Presbyterians for the proffered use of the church.

At this concert he will play some of his own compositions as well as those of other composers. Mr. Nelson is, indeed, came to Wichita Falls because of the stories that have gone about the world of this far famed old city. In his studies under teachers in Paris and New York he has won honor and fame in musical circles.

An invitation to hear this famous composer and violinist is extended to all music lovers.

Club girls baked 370,000 loaves of bread last year in connection with extension club work carried on by county extension workers, according to reports to the United States Department of Agriculture. More than 31,000 girls learned to make and judge good bread in these clubs during the year.

SOCIAL

Electra Couple Wed in Forth Worth

Cards have been received by friends here announcing the marriage of Miss Isabel Irons and Neal T. Scott, September 6 at Fort Worth at the home of the bride's parents, Mr. and Mrs. P. C. Irons.

The Irons family lived here some years ago and the bride was born in Vernon. She has also visited here several times since moving to Electra where she has established herself in the nursing profession.

Mr. Scott is the assistant cashier of the First State Bank of Electra.

They will make their home in Electra.

Hostess to Thursday Bridge Club

Mrs. A. B. Swartwood was hostess to the Thursday Bridge club Thursday afternoon at her home on N. Wheeler street. The afternoon was spent in playing bridge.

The hostess served a salad course to the following guests: Mesdames R. L. Moore, Katherine Waggoner, J. E. Dodson, Jr., Luther Webb, Dan Bond, J. V. Townsend, Hub Colley, W. K. Long, Myatt Napier, Bob Ferrell, L. E. Piper, H. F. Farrell, Della Housels, J. L. Swartwood, T. E. Standifer, R. E. Stuart of Oklahoma City, Emory Rhoads, Clint Swartwood, C. J. Armstrong and Misses Nelle McKibbin, Bob and Don Standifer, Esther Swartwood and Oleta Youngblood.

Mrs. Orba McCurdy Entertains

Mrs. Orba McCurdy was hostess to the Tuesday Bridge club Tuesday afternoon at her home on S. Main street. Miss Oleta Youngblood won high score.

A salad course was served to the following guests: Mesdames George

Hardin, Clint Swartwood and Dan Summer and Misses Esther Swartwood, Bob and Don Standifer, Oleta Youngblood and Vera Harrington.

Entertains With Dinner Party

Miss Mary Catherine Massie was hostess at a dinner party Tuesday night at her home on S. Main street, honoring Miss Mary Myatt Shive who recently arrived from California where she spent the summer. Miss Shive will leave soon for Gulfport, Miss., where she will enter Gulf Park college. Other members of the T. G. club and Miss Lois McGaughey were guests at the dinner.

Miss Brunson Entertains T. G. Club

Miss Loraine Brunson entertained the T. G. club Tuesday afternoon at her home on S. Main street. Miss Mary Catherine Massie who has been away for some time was the honored guest.

After games the hostess served delicious refreshments.

At The Churches

Rev. G. A. Obenhaus from Oregon on route to his new charge at Anderson, Texas, has consented to fill the pulpit of Zion's church, next Sunday, September 17.

All are welcome.

L. HEINEMEIER, Pastor.

Christian Science

Service every Sunday 11 a. m. at City Hall. Subject September 17: "Matter." Golden text, Psalms 56: 4. Everyone is welcome to these services.

First Methodist Church

Rev. Robert E. Dickenson, Pastor. Sunday school at 9:30. Sermon 11 a. m. Subject: "The Price of Power." Evening Sermon 7:45 p. m. Subject: "All Kinds of Folks." Junior League 5 p. m. Prayer meetin, Wednesday night. Subject: "Does God Care?"

Central Christian Church

A hearty interest is awakened in the Auto Race Contest in the Sunday school as the boys' class take a big leap forward with their auto. The attendance and interest has been very encouraging to the workers. Next Sunday gives promise of a big day. Sermon 11 a. m. Subject: "Work-shipping God Eternally with Stone, Brick and Mortar." The evening sermon will be a message for young men, theme: "He Pitched His Tent Forward Sofoom."

Everyone is cordially invited to all these services.

LEWIS P. KOPP.

First Baptist Church

Sunday school 9:45 a. m. The following are the themes for 11 o'clock Sunday morning and 8 o'clock Sunday evening respectively: "The Christian Supplying Jesus' Needs," and "The Attractive Business Man."

Music one attractive feature of services.

Come, bring a friend and worship with us. If you can, you will receive a hearty welcome.

L. J. MIMS, Pastor.

Vernon Rebekahs to Crowell

The Vernon Rebekah degree staff will go to Crowell tomorrow night where they will initiate candidates in the Rebekah degree. About fourteen members of this team will go.

Sixteen candidates will be initiated. The staff will be entertained at dinner on their arrival. The Vernon team was recently organized but it is said they do splendid work.

Texas Public Service Officials Here

W. S. McCall of St. Louis and Ralph Morrison of San Antonio were here from Sunday to Tuesday looking over the property of the Texas Public Service company with a view to purchasing. These men are the principal stockholders in the company it is said. Should these men take this concern over it is stated that they would spend between \$75,000 and \$100,000 on the plant. While here they made an exhaustive survey of the town's resources and the company's holdings.

Electra's Good Roads Program

By the first of October it is expected that six miles of paved highway will be added to the road leading into Electra. To be exact, the time should be about September 25.

Work was completed Monday on this stretch only 400 feet of concrete remaining to be poured when workmen of the McCollum Construction company quit work Saturday night. The road must harden twenty days before using. McCollum Construction company announced Saturday afternoon. When quitting time arrived Saturday night there remained less than 400 feet to be paved.

Potts and Prentice placed 4,500 feet of concrete during the past week on the road out of Burk Burnett to Clara. It is believed that this stretch of pavement will be completed by October 1, barring unforeseen delays. A sufficient amount of materials is on hand to keep operations going for nearly five days but the stone is moving in slowly, the contractors announce.

Practically all of the subgrading of Iowa Park towards Kemp City has been completed on the road out and the placing of gravel will proceed without further delay.

Strength from Ironized Yeast Simply Glorious!

It follows a Natural Law Which Never Changes or Fails. The Entire Body Quickly Feels New Power!

"I've just about gone to pieces!" Do you know that getting back strength is comparatively easy? But do you realize that it is almost impossible to get back your strength by means of unnatural drugs? Do

Madam, Ironized Yeast Will Build You Up Amazingly and Quickly!

You know that about one woman out of every three is exhausted because of nerve and blood starvation? The remarkable power of yeast-vitamins-ironized has been proven. There is now no further excuse for being weak, sick, run-down. Ironized Yeast contains the tremendous natural building forces of vitamins and iron, and it builds and strengthens in half the usual time. Do you know why? Ironized Yeast is not a mere mixture of yeast and iron, but yeast ironized, which is a substance all by itself. That's what makes Ironized Yeast the most powerful, natural builder in the world today. You will find a new strength coming over you, your cheeks will get rosy, your eyes sparkle, your appetite will be sharp, you will digest what you eat, your blood will become rich, your energy will be more than equal to your ambition. Get a package of Ironized Yeast today, and beware of substitutes. Sold at all drug stores at \$1.00 a package. Each package contains 60 tablets, each tablet is sealed. They never lose their power. Mfd by Ironized Yeast Co., Atlanta, Ga. Health and strength are now up to you.

Ironized Yeast is sold and recommended by all good druggists such as—

ASSOCIATED STORES

PERKINS-TIMBERLAKE COMPANY

SKIRTS TO ANKLES FASHION'S EDICT

BLACK DRESSES, GAY HATS AND
DRAPERY FIGURE THE NEW-
ER STYLES FOR AUTUMN

Skirts are decidedly longer now. For the more formal occasions they must reach to the ankles. For sport wear six or seven inches from the floor is the correct length. This is the edict that has gone forth and women are rather liking the new skirt lengths after the extreme short ones of this summer.

Hats are large for the afternoon gowns and go well with the new style silhouette. Small hats are worn with the tailored frocks. Black is decidedly good in the large hats and is the leading shade for autumn wear though blue and brown are close seconds.

Gay colors predominate in hats and three shades of red are often seen on one hat. The color range is a warm one with the reddish shades strong, represented by russet, copper, peach, flame and orange. While ochre yellow is another favored tone in the coloring range. Blues are of a brilliant character with corn flower and a sea green tone popular.

Varied shades of the colors of blue and brown are named and one is lost trying to remember the different colors. Some of the new names are not brown, bitter sweet, wall flower, fuchsia, dahlia and corn flower.

Since the cooler days have arrived women are thronging the stores buying fall and winter clothing for the family. Handsome coats are being purchased in anticipation of the biting winds that will descend from the north later. Girls going away to school are having their wardrobes replenished now.

One show window in town is featuring sweaters and these articles of comfort are being snapped up quite eagerly by the young miss or matron to wear now and later too, in the fall. One window is displaying a figure wearing a gown and hat made of missal' hosiery in black and white.

Another show window is devoted to dainty underthings in the delicate pastel shades. Of course all stores are displaying handsome dresses in which velvet seems to be the favorite fabric. A number of crepe fabrics are to be worn too. Black dresses are brightened up by the addition of bright colors in heads and embroidery.

Hats of gold or silver cloth are very strong, and combined with the bright shades devoted to autumn are very striking.

Never, women declare, was shopping enjoyed more than this season. For though there is not much change in styles in hats for every conceivable shape is shown. The new skirts and gay colors make the study of clothes very interesting. Drapes adorn the new skirts for without them the sudden change in the new skirt lengths would look dowdy it is explained. Unworn skirt lengths still figure largely in My Lady's wardrobe and it will be some time it is predicted until we return to the straight hem and long lines of other days without the friendly drapes.

Vernon Students Leaving for Colleges

The exodus of students to their favorite colleges has already started, when some weeks ago Miss Dorothy and Miss Elsie O'Neal took their departure for Chicago and Detroit, Michigan, where they will enter school. This is Miss Heath's second term in high school in Chicago.

Nine students from here will attend the Texas University this year, they are: Evans Mason, Frank and Shirley McLarty, Ted Farrell, Curtis Renfro, George Collier, Miss Daisy Jones, Floyd McCroskey, and Alfred Dohoney.

Miss Mary Myatt Shive will attend Gulf Park college at Gulf Port, Mississippi. Misses Allie Randall and Miss Lois McGaughey will enroll at the College of Industrial Arts at Denton. Dixon Roger, A. M. Hiatt, Jr., J. M. Hawley and Delphus Bourland will attend Texas A. & M.

Miss Catherine Pierce will return to Southern Methodist University at Dallas and Miss Georgia Castlebury will take a post graduate course at Texas Woman's College at Fort Worth. Miss Melba Ruth Dickens will also enter there. Miss Ruth Stovall has entered the junior college at Wichita Falls. Maurice Trout is enrolled in the National Business college of Wichita Falls.

Fargo Students Enroll Here

Holcomb Training School has enrolled this term from Fargo, the following students: Wixie Harrison, Titus Holland, Pauline Wilhelm, Thelma Lindsey, Verna Switzer, Jewel Edwards and Richard Coffey.

Fargo students entering Vernon high school are Misses Fay Cullum, Floella Williamson and Mabel McLaughlin.

Presbyterian Guild to Meet

The members of the Presbyterian Guild will meet Monday afternoon at the home of Mrs. B. D. Flaniken on W. Texas street. A full attendance is desired.

COLUMBUS (O.) GIRL IS AMERICA'S PRETTIEST

Miss Mary K. Campbell

Miss Mary Katherine Campbell, who represented Columbus, O., as "Miss Columbus" in the Atlantic City, N. J. Beauty Pageant, was awarded first prize as the most beautiful girl in America and will be "Miss America" at next year's contest.

DIFFERENCE IN NAMES OF WHEAT BY-PRODUCT FEEDS

Sectional differences in the use of names for by-products of wheat are often confusing, says the United States Department of Agriculture in calling attention to the terms used in the regions growing the three principal types of wheat. The near Northwest, which includes Minnesota, the Dakotas, and parts of adjoining states, grows hard spring wheat; the Southwest, also Nebraska and Kansas grows hard winter wheat, and the East and states as far west as Missouri and Iowa grows soft winter wheat. Of course, these areas overlap to some extent.

Most of the confusion has been caused by different names for shorts and middlings. In some parts of the country these terms are used synonymously, in others one may be used to the exclusion of the other. Where both are used there seems to be a tendency to apply the term "shorts" to the coarser materials, such as standard middlings; and the term "middlings" to the finer materials, such as red dog flour.

While there often may be considerable differences in the composition of corresponding by-products because of the differences in composition and texture of the wheat and of the slight differences in milling practice, the methods of manufacture in the different milling sections are similar and the following table, read horizontally, shows the names used in the different regions for the same by-product feed:

Northwest	S. West	East
Bran	Bran	Bran
Standard Middlings	Br'n Shorts	Brown Middlings
Flour mid.	Gray shorts	Gray Mid.
Red Dog	White shorts	White Mid.
Wheat Mixed Feed.	Wheat Mixed feed.	Wheat Mixed Feed

"Shipstuff" is a term that has been used in the past for various wheat by-products. It has no very definite meaning, although it seems to apply only to wheat products.

FARGO CLUB TO MEET MONDAY TO ARRANGE FOR FAIR BOOTH

Mrs. D. J. Wilhelm, president of the Home and School club of Fargo announces that a special meeting will be held at the home of Mrs. H. H. Scherer Monday afternoon to arrange about the booth at the county fair. The members are urged to attend.

D. ESTES "TUNES IN" ON 15 STATIONS IN 30 MINUTES

D. Estes of Vernon, who was one of the first owners of radio sets here, in a letter to the Star-Telegram yesterday states that he "tuned in" on fifteen stations in forty minutes from 7:50 to 8:30 p. m. Wednesday night. The stations are as follows: WKA, Wichita Falls; WHB, Sweeney, Kansas City; WLAJ, Waco; WWJ, Detroit, Mich.; WEAY, Houston; Iris Theatre; WSR, Atlanta; WEL, Anthony, Kan.; WFAA, Dallas; WDAF, Kansas City; WON, San Diego, Calif.; KIZ, Denver; KSD, St. Louis; Post Dispatch; KON, Kansas City Board of Trade; WAAP, Wichita, Kan.; WOC, Davenport, Iowa.

He also says that he tuned in on numbers of other stations that he didn't get their call number and from 490 to 600 meters code stations were so thick they sounded like the hum of bees.

In the last two months Mr. Estes has picked up splendid programs from Texas, Oklahoma, Kansas, Missouri, New Mexico, Colorado, Nebraska, Nevada, Washington, D. C., California, Michigan, Iowa, Georgia, Louisiana, Tennessee, Arkansas, Indiana, Pennsylvania and Ohio.

His description of his radio set is a triple regenerative home made set, antenna 5' high 100', 4 wires 20' fan, 30' lead in.

Mr. Estes says that he can hardly wait for the installation of the new 500 watt set now being erected by the Star-Telegram. This broadcasting station having been closed for a time Atlanta, Ga., will entertain the radio fans at the hour that the Fort Worth stations broadcasts their programs, until the installation of the new set.

"Freshies" Run Gauntlet at Hi

As is the custom from time immemorial the "poor" freshman of any school is made the goat of the whole institution. He must go through an initiation and earn his stripes so that in after years he may join in with the other classes and pass it on. Tuesday morning at Vernon Hi after orders had gone out that no more freshmen were to be "bumped," which is a procedure in which the unlucky underclass man is picked up and bodily thrown against a tree; the classes were at their wits end how to humble the poor "freshie."

A bright though struck the leaders of the heckling crew and they decided to line up in two lines across the campus and make the boys "run the gauntlet" as was done by the redskins to their pale face captives. Off came belts and armed with these they compelled the freshmen to run through the lines. Over 100 boys took this good natured but several yet bear the marks of the belts on their bodies. One little freshman yesterday on being interviewed grinned and said, "I'll tell the world we got licked but just wait till next year we'll get our revenge." Orders have been issued that no more running the gauntlet is to be staged at the high school.

LOCKETT CITIZENS ORGANIZE TO SECURE RIGHT-OF-WAY

At a highway meeting held last night at Lockett a committee consisting of Frank Lockett, Alex Streit, C. Shoppa, S. C. Davenport and Verna Weekly was appointed for the purpose of canvassing the farm owners between that place and Vernon with a view of securing a right-of-way for the Lee Highway's trans-continental road.

A large number of farmers of that community were present at the meeting. It was announced that a movement would be started by the farmers of this neighborhood to secure paying members to the highway association headquarters at Washington. R. H. Coffey of Vernon explained to them that all memberships pledged at this time were done so with the understanding that any money paid would be refunded in the event that the road was not designated through Vernon.

Those who attended the meeting from Vernon were: R. H. Coffey, Wallace H. Hughes and A. P. Peck.

Two hundred and sixty thousand farm families either made their first home garden or changed their previous ways of gardening in 1921, as a result of demonstrations of improved methods by agricultural extension agents, according to reports received by the United States Department of Agriculture.

Will You Help the Democratic Party to Win This Campaign?

If so the most helpful thing you can do now is to contribute to the Democratic Educational Campaign Fund so that the Educational work of the Democratic National Committee can be carried out as planned.

The Democratic National Committee Needs Money And Needs It NOW.

For the purpose of getting the record of failure of this Republican Do-Nothing Congress and Do-Nothing Administration before the people, and to show them again the road to Democratic Prosperity which they traveled for eight years of Democratic rule.

Send Your Contribution Today to the Record

The Democratic National Committee has arranged with the publisher of The Vernon Record to receive and receipt for contributions. A duplicate receipt will be mailed from Democratic National Headquarters.

Give What You Can Afford—Much or Little—But Give It Now

The Democratic Party has no privileged classes, no protected profiteers, no trusts or monopolies to appeal to. It represents only the people, therefore it appeals only to them.

This is a Democratic Year. Do your share to help win the Victory.

Democratic Prosperity vs. Republican Disaster

The estimated wealth of the United States when President Wilson went into office in 1913 was \$185,000,000,000; it increased to \$300,000,000,000 in eight years of Democratic rule—a gain of \$115,000,000,000. The present estimated wealth of the United States is \$225,000,000,000—a loss of \$75,000,000,000 in fifteen months under Republican rule.

Since the Republican party was voted into power in November, 1920, the American farmers alone have suffered a loss of near \$30,000,000,000.

Some Republican Broken Promises

The Republicans promised the country PROSPERITY; they have given it ADVERSITY.

They promised to stimulate agriculture and business; they have given an industrial panic and destroyed our foreign markets. Foreign trade declined from \$13,500,000,000 in 1920 to near \$6,000,000,000 in 1922.

They promised to reduce taxes; they have shifted taxes of the multi-millionaire and profiteering class to the smaller taxpayers without lifting taxes or reducing them. Repeal of the Excess Profits tax relieved the Big Interests of paying \$450,000,000 in taxes; reduction of the higher surtax relieved them of paying \$61,500,000.

They promised to reduce the high cost of living; they have given a Profiteers' tariff bill which increases the high cost of living, and makes the farmer pay \$5 on everything he buys for each \$1 of "inflation" he gets.

They promised to reduce the expenses of the government; they have increased the expenses of running the various departments of the government (1923 budget, three years after the war \$536,000,000 compared to 1915, three years before the war, with an estimated deficit of \$500,000,000 in addition—or \$1,000,000,000 increase.

FALL EXHIBIT OF FALL WEAR

A most interesting feature of our fall exhibit is the great variety of styles, which while seemingly different, are all truly representative of the season's most favored developments.

And it is this very feature which makes it so difficult to describe the garments---a visit here is really necessary if you would know the new modes and choose the one best suited to your requirements

COATS

made of the new and leading fabrics of Marline, Pollyanna, Velours, Normandy, Cordolo Polo, etc., with the beautiful fur trimmings at

OKLAHOMA ATTRACTS MANY VISITORS TO COMMUNITY FAIR

(Continued from page 1)

A Blevins is in charge of the dairy exhibits and U. J. King is supervising the horse and mule department.

Special Attraction

A program was rendered last night in which talent from Oklahoma, Harrod and Vernon participated. The entertainment consisted of readings, quartettes and sing-songs.

Textile Department

The following awards were made in the textile department: New clothing and wash material; Mrs. J. S. Couch; undershirt, Miss Myrtle Glazener; corset cover, Mrs. William Reed; gown, Mrs. Rufus Byars; toddlers, Mrs. Luther Westernman; first, Mrs. Mack Byars; second, table cloth and napkins, Mrs. Mack Byars; luncheon and napkins, Mrs. J. F. Stark; table runner, Mrs. Luther Westernman; first, Mrs. Mack Byars; second, center piece, Mrs. Ike Smith; dresser scarf, Mrs. Alvin Penn; sheet and pillowcases, to match Mrs. Ike Smith; Mrs. Alvin Penn, second; bed spread, Mrs. Logan Creager; first, Mrs. Luther Westernman; second, floor sack exhibit, tea towels, Mrs. V. R. Glazener; baby dress, Mrs. William Reed; first, Mrs. Harry Stalcup; second, guest towel, Mrs. Rufus Byars; baby pillow case, Mrs. Logan Creager; pillow case, Mrs. Rufus Byars; first, Mrs. Luther Westernman; second, child's dress, Mrs. Harry Stalcup; gown or teddy yoke, Mrs. Mack Byars; specimen of knitted lace, Mrs. William Reed; first and second, specimen of tatting, Mrs. Luther Westernman; hem stitched article, Mrs. Ike Smith; button holes, Mrs. Ike Smith; individual display, Mrs. J. K. Campbell; child's gown, Mrs. Luther Westernman; bath towel, Mrs. Roscoe Rainwater; first, Mrs. Logan Creager; second, baby knitted garments, Mrs. Logan Creager; table mats, Mrs. Ike Smith; baby flannel, Mrs. Logan Creager; boy's shirt, Mrs. Ike Smith; floor pillows, Mrs. William Reed.

Culinary Department

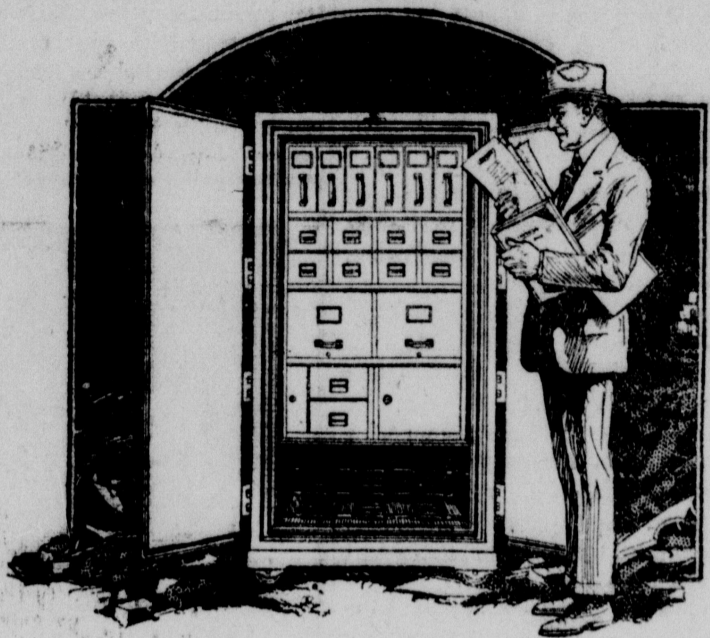

Angel cake, Mrs. H. A. Blevins; first, Mrs. Roscoe Rainwater; second, Mrs. Harry Stalcup; white cake, Mrs. Overton; first, Mrs. Greathouse; second, Miss Stella Nettles; third, white loaf cake with banana frosting, Mrs. R. S. Gatewood; first, chocolate pie, Mrs. Charley Moore; cookies, Mrs. J. S. Couch; first, Mrs. C. J. Jones; second, candy, peanut brittle, Fletcher Sisters; first, Miss Myrtle Glazener; second on divinity and Mrs. William Reed third.

Canning Division

Canned peaches, Mrs. V. R. Glazener; canned peaches, Mrs. Clint Hancock; first, Mrs. V. S. Glazener; second, Mrs. H. A. Blevins; third, canned plums, wild, Mrs. Harry Stalcup; first, Mrs. Ike Smith; second, tame plums, Mrs. Rufus Byars; canned blackberries, Mrs. J. K. Campbell; first, Mrs.

H. L. Westernman; second, tomatoes, Mrs. V. S. Glazener; beans, Mrs. H. L. Westernman; Mrs. B. Cooper; second, peas, Mrs. L. O. Langley; first, Mrs. Will Overton; second, beets, Mrs. R. J. Byars; watermelon preserves, Mrs. Ike Smith; first, Mrs. Marvin Brite; second, peach preserves, Mrs. H. A. Blevins; first Mrs. Q. C. Rogers; second, plum preserves, Mrs. H. A. Blevins; apricot preserves, Mrs. J. F. Stark; pear preserves, Mrs. L. O. Langley

first, Mrs. W. F. Ashley; second, and Mrs. H. L. Westernman; third, jelly, Mrs. L. O. Langley; first, Mrs. H. A. Blevins; second, Mrs. C. L. Moore; third, jam, Mrs. C. L. Moore; first, Mrs. J. S. Couch; second, grapes, Mrs. Luther Westernman; chow chow, Mrs. Ike Smith; first, Mrs. Roscoe Rainwater; second, okra, Mrs. Will Overton; canned sausage, Mrs. H. A. Blevins; sweet pickles, peach, Mrs. Clint Hancock; first, Mrs. H. A. Blevins; second, pear.

Analyze your record protection

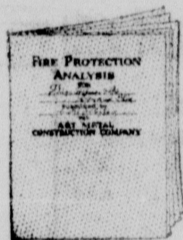

KNOW where you stand. What would happen if fire swept through your office tomorrow?

Would the valuable records on which your business depends be destroyed or have you protected them in an Art Metal fire resisting steel safe so that you could build your business anew the day after the fire.

Analyze your fire hazards. Know what protection you need and how to secure it.

(The Art Metal Safe is made in four sizes each, Underwriters' Laboratories "A" Label (four-hour test) and "B" Label (two-hour test).)

Our individual Fire Protection Analysis of your business will tell you the facts.

Write or phone us today and we will furnish this analysis without obligation.

World's largest makers of steel office equipment

Current Business Conditions

By GEORGE E. ROBERTS

(From the Monthly Bulletin for September Issued by The National City Bank of New York)

THE good crops are an outstanding feature in the business situation. Corn has been hurt in some states by drought, but the yield on the whole is a good one, and the other grains have done well. All food stuffs are in abundant supply. The farmer has done his work faithfully, and will feed the town populations during the coming year at as low a price level as in the past year, and it may be a little lower.

The cotton crop again faces below the amount required for a year's consumption, owing to drought and boll weevil. The carry-over August 1, 1921, was over 9,000,000 bales and August 1, 1922, was only about one-half that amount. Even if world consumption is no greater in the coming year than in the last, stocks will be very low before another crop is made. All textile goods seem likely to be higher.

Steel Industry Wage Advance

The most notable development in the labor market since the depression began has been the advance of 20 percent in the wages of common day labor announced by the United States Steel Corporation, followed by the other steel companies. It took the country by surprise, and may be taken as proof that involuntary unemployment for the present at least is at an end.

The explanation is that the steel industry during the war was largely devoted to the war. In some lines equipment and construction fell behind the needs of the country, and the general slump in business last year cut down the production of iron and steel before the shortage was made good. This has been particularly true of railroad needs. The demand has been increasing since early spring and the companies have had difficulty in recruiting their forces. Their men have scattered, many having gone back to the old countries, and the companies have decided that they must rescind some of the wage reductions made last year.

The action is an effective refutation of the charge that there is a close community of interests among all employers with a fixed policy to depress labor, and of the claim that there is no such thing as the law of supply and demand in the labor market. Here is the biggest open-shop industry in the country, leading wage advance at the very moment most embarrassing to the railroad companies and coal operators.

As a rule, wage advances are a good sign, but there is doubt about

this one, because it tends to increase industrial costs when there still is need to reduce them. It is not a good sign to have iron advancing when wheat and corn are declining. The chief cause of depression during the past year was the unbalanced state of industry, great numbers of would-be consumers being unable to buy freely because their own products did not give them the required purchasing power over other products, held at a higher level of values. This unbalanced situation still exists, and this move in the steel industry, while it may be toward readjustment on the basis of coal mining, is not toward general readjustment.

Balanced Situation Needed

It cannot be too plainly stated that what is wanted to give the best general result is a balanced situation among the industries with full and steady employment and ready sale for products at fair prices all around. Somebody has to pay for abnormally high prices, and unless the pay of all classes rises or falls together, consumption is curtailed and prosperity is checked.

The coal strike has been settled in the bituminous industry, and seems to be near settlement in the anthracite district. The miners have won a complete temporary victory, going back to work at the old scale, the highest ever known, despite the efforts of the President of the United States to persuade them to submit the case to arbitration. The settlement, however, is really only a temporary suspension of hostilities; the old agreement is renewed until April 1st next, when the whole subject will be reopened. The only step of progress is an agreement for the appointment of a fact-finding commission which is to report by January 1, 1923.

Strike of Railroad Shopmen

The strike of railroad shopmen continues. The roads unquestionably are embarrassed by it, but are handling a larger volume of traffic than in any year except 1920. The shopmen have waived every claim except that to seniority rights which they possessed when they went out.

The paramount question in these strikes evidently is not the particular disputes causing them, but the question of how to protect the interests of the public, which are far more important than those of the immediate parties. Not five per cent. of the people of the United States are directly interested in mining coal, but every employer and employee takes an interest in it, and by no means a small one.

can their rights transcend the rights of the remaining 95 per cent. of the population. To say that the issue is between capital and labor or between employers and wage-earners, therefore, is to make a false issue. The real question is that of maintaining community life, and of securing a fair adjustment of the relations between the workers in different industries. The real paymasters of miners and railroad employees are the public, and they have a right to be represented in the settlements.

This is the theory upon which the President has been active in attempts to promote a settlement in each controversy. The case is concisely stated in the following telegram to him, dated August 13, from the New York State Farm Bureau Federation:

The general welfare is paramount. Mining and transportation are vital to the general welfare. The New York State Farm Bureau Federation believes that those engaged in these occupations should submit to such Government regulation and control as will secure their continuance and operation on terms comparable with other business, and if there is no efficient law to enforce such control, the enactment of necessary legislation. The farmers challenge all good citizens to join them in economical production and in the struggle for law.

Interdependence of Industry

The paramount fact of modern life is that people are necessarily dependent upon each other and must somehow manage to live together and work together. The farmer, the shoemaker, the textile worker, the physician, the school-teacher, and all the rest in the circle of occupations, together form an organization which supplies the wants of each one far more effectively than he alone could supply himself. It is a great mutual system for the common advantage. The matter of supreme importance is to keep this organization in effective operation and adjust the relations between the members upon a fair basis. This is the test to be applied to every disputed policy: How does it affect the general interest in the long run? It cannot be too strongly emphasized that individuals have no rights that impinge upon the rights of others, and where rights come in conflict they must be adjudicated under the authority of the Government. Nobody suffers wrong by having the authority of the Government maintained for everybody is more than compensated for any curtailment of his own freedom by the protection he receives from the aggressions of others, and by the blessings of peace

Mrs. A. Benson; home made soap, Mrs. Rufus Byars; first, Mrs. Marvin Brite; second.

Girls' Clubs

Canning division—Fruits and vegetables—Miss Ramal Butler, first, fourth year; jelly, Miss Nina Lois Creager, first, third year; tomatoes in tin, first, Miss Christine Rainwater; second year girl; fancy packed fruit and tomatoes in glass, first, Miss Christine Benson, first year girl; candy, first, Miss Christine Benson; cup towels, first, Miss Lucile Brite, second, Miss Anna May Reeder, first year girl; bungalow apron, Miss May Hobson, first year; dress, Miss Lucile Pierce, first year; dress, Miss Nina Lois Creager, first, third year girl; teddy, Miss Maurine Brite, first year; article home improvement, bed room set, first, Miss Maurine Brite; luncheon set, Miss Edith Skinner, second; handkerchiefs, first and second, Miss Nina Lois Creager.

25 YEARS OF AGRICULTURAL INVESTIGATION OF ALASKA

In 1897 the present chief of the division of insular stations, States Relations Service, made a survey of Alaska for the United States Department of Agriculture to determine the agricultural and horticultural possibilities of the territory. An experiment station was established shortly afterward at Sitka. The visit of the chief was recently repeated, to learn at first hand the development that has taken place in the intervening 25 years.

It has been fully demonstrated that Alaskan agriculture can be self-sustaining. There are now five Alaskan experiment stations—at Sitka, Rampart, Kodiak, Fairbanks, and Matanuska—which have introduced a number of improved varieties of hardy grains, including wheat, oats, rye and barley, all of which are being successfully grown on Alaskan farms, as well as vegetables, fruits and ornamentals of various kinds. These have aided settlers materially in increasing their local food supply and in improving their home surroundings. Whereas only two satisfactory gardens were growing in southeastern Alaska in 1897, excellent crops of radishes, lettuce, onions, potatoes, peas, beans, cabbage, cauliflower, turnips, and other vegetables are now growing almost everywhere. In many places strawberries, raspberries, currants, and gooseberries are produced abundantly.

Small dairies have been established near a number of Alaskan towns. At Skagway year after year have been grown this year to fill a silo for winter feed for the cows.

Among the striking investigations at the Sitka station are those with strawberries and potatoes. More than 2,000 hybrid strawberries came into bearing in July, the result of crosses made with native species and some cultivated varieties, all having the characteristic aroma and flavor of the coast species parent. The station hybrid strawberries are being successfully grown and producing berries of excellent quality. Several hundred seedling potatoes are being tested to determine their value for Alaskan conditions.

In view of improving trade conditions the work of the Alaskan stations may be expected to aid materially in building up the agriculture of the territory and in supplying food for its population.

EXTENSION METHODS STUDIED BY 110 NEGRO PASTORS

Practical suggestions for the improvement of farming methods and living conditions in farm homes in then districts are being given 110 negro pastors and presiding elders in Alabama, Georgia and neighboring states who attended a three-weeks school of methods held at Gannon Theological Seminary, Athens, Ga., in May and June as reported to the United States Department of Agriculture. The school program included a series of effective demonstrations by extension workers from Tuskegee Institute, Ala., who conducted movable school programs in the rural districts of Alabama.

The pastors attending the Athens school were given instructions in soil management, crop production, farm carpentry, including the making of home conveniences, poultry keeping, care of gardens and fruit, proper methods of cooking and food preservation sanitation and home nursing. According to reports received by the department, these pastors are putting on similar demonstrations in their communities and at conferences of rural pastors in their districts.

Farmers and farm women have recently celebrated the tenth anniversary of the beginning of agricultural extension work in four counties—the Kall county, Ill.; Essex county, N. J.; Cape Girardeau county, Mo.; and Portage county, Ohio—according to reports to the United States Department of Agriculture. The first county extension agent began work in Texas in 1909. Organized extension work is now being carried on in over 2,100 counties.

INSECT PESTS OF GRAPES ACTIVE IN VINEYARD STATES

Grape growers in the vineyard sections of New York, Ohio and Michigan have begun spraying operations in the hope of protecting their crops from various insect pests reported to the United States Department of Agriculture as unusually numerous this year. Severe injury has resulted in all four states from the grape leafhopper.

In Ohio and Michigan the grape berry moth has caused more than the usual amount of damage to grape clusters by feeding to the stems or buds during the blossoming period. At Lawton, Mich., cocoons of this moth were found on grape leaves early in June, showing an unusually advanced development of the larvae, as grapes were just out of bloom and early appearing larvae were able to complete their growth fully without entering the grape berries. At Paw Paw, Mich., bud clusters infested with the grape-blossom midge, not previously observed in that section, were reported on the 8th of June.

FOR SALE—REAL ESTATE

FOR SALE—CHEAP—Four residence lots, Address Box 447, Chillicothe, Tex. 70-80p

FOR SALE—Five room modern house with three acres of land. Corner place close to West Vernon School. Will sell reasonable. See W. L. Cook, phone 0094-R11. 70-2tp

THE SHEPHERD FARM LANDS.

located in Terry, Gaines and Yockum Counties, South Plains of the Panhandle, Texas, are now being offered at prices and terms, which will enable any industrious farmer to buy and pay for a farm with less money than any other. Productive lands, a fine climate, abundance of good pure water, and a country in which one man raises more cotton, more corn and more sweet potatoes and other farm products, than a whole family can gather. No insect pests. We make landlords out of our customers instead of renters. Farmers who are anxious to own their own farms, are invited to come to Seagraves, inspect our farm lands, look at the crops and talk to the men who raise them. A card to W. A. Solette, General Agent, 22 Santa Fe Building, Seagraves, Texas, will bring you a descriptive pamphlet, giving detailed information about these lands and plan of purchase. A reliable agent wanted in each county. 55-1tp Fri.

WILBARGER COUNTY NEWS

PARSLEY HILL

By Special Correspondent.

Parsley Hill, Sept. 13.—This community was visited by a heavy rain Saturday night, which was of great benefit to the farmers.

Several of the farmers have begun picking cotton in this community.

Miss Vera Hughes of Vernon spent Saturday night and Sunday with her cousin, Miss Rosa Moore.

Miss Willie Boswell of Rayland visited Miss Ollie Woodward Sunday.

Johnnie O'Connell returned to his home Sunday from Tolson, where he has been on strike duty with the National Guard.

Mr. and Mrs. Clarence Woodward and baby have returned to their home here after spending last week with relatives in Truscott.

Clarence Church of Lockett visited Emerson and Condie Moore Sunday.

A number of the young folks from Rayland and Lockett and Talmage attended singing at Parsley Hill Sunday night.

Ted Gage of Vernon spent Saturday night with Johnson Moore.

Mr. and Mrs. R. R. Cantrell and children visited in the home of Mr. and Mrs. A. J. Moore Sunday.

Mr. and Mrs. Gage of this community made a business trip to Fargo Saturday.

Mr. and Mrs. J. D. Causy and little grandson, Cecil, were Vernon visitors Sunday.

Jack Droick visited Quitman Box Sunday.

Clarence Cantrell, Barron Box Hill and Ben Cagle visited Johnson Moore.

Buford Brown of Forestburg was in this community Sunday looking for cotton pickers.

Chester Haney of Truscott, member of the National Guard, of Denison, spent Saturday night in the home of Mr. and Mrs. Woodward.

Mrs. Hilda Droick and little daughter, Blondie, visited Mrs. A. J. Moore Tuesday afternoon.

GUYER

By Special Correspondent.

Guyer, Sept. 15.—This community was visited by a nice rain last week which was very beneficial to wheat growers.

Church was well attended Saturday night and Sunday. The services were conducted by Bro. Guinn of Fort Worth.

Miss Larkie Rogers is recovering after a severe illness.

G. W. Albright and family are visiting Mrs. Albright's parents, Mr. and Mrs. S. J. Pate. They live at McAllen, Texas.

M. G. Gardner and John Clynch went to Wichita Falls Wednesday in search of cotton pickers.

J. B. Reid was in Electra Saturday on business.

Mr. and Mrs. Wadlow spent Sunday at the home of Bruce Gillis.

Charley Bichfield went to Electra Wednesday and brought back a load of cotton pickers. Pickers are needed in this community.

Those who attended the Baptist association from this community were J. H. Rogers, Otis Hunt, Mr. and Mrs. T. M. McClelland. They reported a big time and the best association meeting they ever attended.

There will be services at the church Sunday afternoon by Bro. Phippen. Everybody come and hear him.

TOLBERT

Tolbert, Sept. 15.—This community was visited by a nice shower Saturday night, but came too late to be of much benefit to the crops.

All the farmers in this community are busy gathering cotton, corn and maize.

The singing school which was conducted by Mr. Brock of Tennessee, closed Saturday night with a concert at the Methodist church. A large crowd attended.

Mr. and Mrs. H. O. Smith, teachers in the Lockett school, arrived Wednesday to open the school Monday, September 11, but on account of the farmers needing their children to help gather the crops the school was put off until the first Monday in October.

Mr. and Mrs. J. Hance Wood and baby, Juanita, leave today for Trinidad, Colo., to make their home.

Mrs. John McIlhenny has returned to her home at East Las Vegas, New Mexico, after spending a few weeks with her mother, Mrs. Umberger and her sister, Mrs. B. C. Wood.

Mrs. J. W. Stringer and Mrs. Robert Rutledge of Vernon are visiting in the home of their father, J. N. Lawson.

Mrs. J. D. Crouch was in Chillicothe Tuesday to visit her mother, Mrs. Elzy.

Mr. and Mrs. Tom Lockard and family have recently moved to Alvord. Mr. Lockard was depot agent at this place and had been for several years.

Rev. Mason, wife and children of

Terrell, visited in the home of Mr. and Mrs. B. C. Wood. Brother Mason was formerly pastor of the Baptist church at Tolbert.

Mr. and Mrs. Frank Taylor and children have moved to Garland. Mr. Taylor was manager of the gin. Mr. McCauley of Olustee, Okla., came to take charge of the gin.

Mr. and Mrs. Eli Davis have lately moved from here to Chillicothe.

William McIlhenny of Hale Center spent a few days with his grandmother, Mrs. M. J. Umberger.

Mrs. Buddie Nunn is still very sick. Chester and Ernest Luttrell of Vernon were visiting relatives at Wilcat Saturday evening.

Henry Richie was real sick Friday

GENERAL BANDHOLTZ MAY SUCCEED WOOD

Above Gen. Leonard Wood Below Gen. H. H. Bandholtz

Brigadier-General Harry H. Bandholtz is reported to be slated to succeed Major-General Leonard Wood, retired, when the latter leaves his post as Governor-General of the Philippines to become head of the University of Pennsylvania. General Bandholtz is a close personal friend of Manuel Quezon, President of the Philippine Senate. He was Inspector of the Constabulary in Quezon's province when Quezon was Provincial Governor.

Mr. and Mrs. Kirkpatrick of Farmers Valley were down Sunday to visit their daughter, Mrs. Buddie Nunn who is ill.

Mr. and Mrs. Boone Martin and Miss Linnie Martin of West Vernon visited Mr. and Mrs. I. G. Luttrell Sunday.

The rain Sunday morning was a help to this country as the farmers can get busy with their wheat land and also put much stock water in the creek and tanks.

Price McElroy of Vernon was a visitor of I. G. Luttrell's Sunday.

Helen Richie is spending the week in Vernon with her aunt, Mrs. Walker and Grandpa Richie.

The protracted meeting conducted by Rev. Johnson closed last night.

Mr. and Mrs. Lee Brazil of Seymour visited the Skidmore family Monday.

Mrs. Bartley of Farmers Valley visited her sister, Mrs. Buddie Nunn Sunday.

Mr. and Mrs. A. Allison of Vernon visited Mr. and Mrs. Allen Johnson last week.

Edwin Herin of Henrietta visited Mr. and Mrs. Skidmore last weekend.

Mrs. Maggie Bolton of West Hinds visited Mrs. Buddie Nunn Saturday.

Mrs. Sid Bradley went to Vernon Sunday to visit her daughter, Mrs. Jack Lester and Mrs. Goodger.

THALIA

By Special Correspondent.

Thalia, Texas, Sept. 12.—The Methodist meeting closed here Sunday night with sixty conversions, forty one additions to the Methodist church and nine to the Baptist. A great interest was shown in this meeting to the very last service.

Clyde Self and Miss Willie Lawhorn, both of this place, were united in marriage Saturday afternoon. Rev. Murrell of Crowell officiated.

Mrs. Jockey Jones visited relatives in Crowell from Friday until Sunday.

Earl McKinley and Ernest Grimes were transacting business in Crowell Monday.

A large crowd attended the baptizing at Dr. Main's aunt Saturday afternoon. There were twenty-three candidates to be baptized.

Kebe Short and family and mother Mrs. E. M. Short, spent Sunday in Capt. Adkins' home in the Rayland community.

Mr. and Mrs. C. B. Morris made a business trip to Vernon Saturday.

Professor Campbell, Rev. Murrell and Cornelia and Ira Fleta Biedeman of Crowell attended the baptizing here Saturday afternoon.

T. L. Ward and A. T. Smith were transacting business in Crowell Saturday.

C. A. Davis left Monday for Olney where he is employed as teacher in the Olney high school. He went through in his car.

Claude Abston is working in the Thalia garage this week while A. C. Phillips is away.

Chas. Hathaway has his new 5-room house completed.

Those transacting business in Crowell Monday were: J. R. Solomon, J. L. Swan, W. W. Carr and E. A. Brown.

W. H. Dunn of Crowell is visiting his son, Jim, of Thalia this week.

S. A. Hayhurst and son, Joe, of Odell were callers in the G. A. Neill home Friday night.

Carl Bledsoe of Hugo, Colo., spent from Friday night until Sunday morning in the Dr. Main home. Mr. Bledsoe is a son-in-law of Dr. and Mrs. Main.

W. I. Aubrey put on a public sale Saturday of his household goods. Mr. Aubrey is moving to New Mexico.

A. C. Phillips and family and Mrs. Cobb of Rayland left Monday for Mountain Air, New Mexico, where they will visit a brother of Mr. Phillips.

Elder J. T. Cabe of Electra filled his regular appointment here Saturday night, Sunday and Sunday night.

T. M. Haney and daughters, Letu and Ruth and Miss Bernice Long were shopping in Vernon Monday.

Mr. Haney went from Vernon to Dallas to the Texas Farm Bureau meeting.

Roy Ayers of Margaret was buying cotton in Thalia Monday and Tuesday.

Forrest Durham is quite ill.

Mr. and Mrs. H. L. Fisher went to Crowell Sunday where Mr. Fisher is receiving medical treatment.

Fred Rennels, county agent of Foard county, was here Monday looking after exhibits for the county fair which will be held Friday and Saturday.

Rev. Frank McNair and G. B. Phillips and Rev. Billington of Crowell were transacting business in Vernon Monday.

H. T. Capps received a telegram Monday stating that his brother at Powie, was very low. Mr. Capps left immediately to be at his bedside.

A good rain fell here Sunday morning. Although it came too late to do

row crops much good it will be a help to the fall wheat crops.

Mrs. A. Bird, son and daughters, Rowe Earl and Mrs. Berli Hogan, left Saturday for Stamford where they will visit relatives a few days.

GIVES INDUSTRIES CLIMATE DATA AS TO NEW LOCATIONS

One of the ways in which the United States Department of Agriculture gives a dollar-and-cents return to the public is exemplified by a recent problem presented to the Weather Bureau. This bureau is frequently called upon to give information on climate in various localities, especially when a person is considering establishing a home

or an industry in an unfamiliar region.

A director of motion picture activities recently considered building a studio in a northern city in the east. He wanted to know whether he could be sure of good light there 50 per cent of the time. The weather man supplied convincing figures as to the amount of light to be expected during the daylight hours during different months of the year.

COMMUNITY FAIR AT OKLAUNION ATTRACTS MANY

Exhibits Attractively Arranged—Entire Community Enters Into Spirit—High School Building Used—Women And Girls Clubs Exhibit—Poultry And Live Stock Shown.

Under the supervision of V. R. Glazener, superintendent of the school at that place, the Oklaunion community fair opened yesterday with a large attendance and will continue through today. The new high school building is being used as an exhibit hall in which the textile department, girls' clubs exhibits, canning and culinary displays, old curios and farm products are exhibited. Directly south of the school building, for live stock and poultry shows have been erected.

Many Attractions

The fair, which is being conducted in practically the same manner as a county exhibition, has many interesting exhibits and visitors are entertained in a most creditable fashion.

The textile department, under the supervision of Mrs. Logan Creager is attracting unusual attention. This exhibit, which represents the handiwork of the lady needle artists of the community, is said to be one of the best ever shown in this section of the state. A feature of this display is the individual exhibit of Mrs. J. K. Campbell of Oklaunion. Her offering consists of Brussels point lace made by women of Belgium, tennierie wheels from the Canary Islands a bed spread made by the Spanish women on the Tinnerie Island. Mrs. Campbell collected these specimens while living in Africa.

Girls Clubs

The girls exhibit, which is supervised by Mrs. Marvin Brite, consists of a large display of sewing and canning. Miss Ramal Butler, who won first prize two years ago at the state exhibit at College Station, is also a winner in this department at Oklaunion. The girls of this community, who have won many prizes at the fairs, will have a complete exhibit at the Wilbarger County fair this season.

The Fletcher sisters are showing some portraits of ancestors made before the time of photography, and dishes over one hundred years old, which have been handed down through several generations.

Mrs. Ike Smith is showing a collection of war relics. A clock made from an airplane propeller is quite unique. She also has on display, a pair of horns from a Texas steer that measures about five feet from tip to tip. A dress that adorned a belle of 1870 is shown in this exhibit. Quilts seventy-five years old are on display. A rolling pin that doesn't look much the worse for wear, wielded by the ladies of the Reed family for four generations may be seen.

Conceded to be the best private collection of ivory in the United States is on display here, the property of Mrs. J. K. Campbell. This collection was made in Africa where Mr. and Mrs. Campbell lived for thirty months. The ivory was carved by the natives and consists of canes, rings, bracelets and vases. One piece which is very beautiful is made from a single tusk and the tusk is carved into a design of a bridge over which elephants are crossing. A collection of skins of wild animals killed near her home are included in the curio department along with other interesting relics from the jungles.

Poultry Department

The poultry department, which is in charge of V. R. Glazener, exhibits a large showing of fine birds. The White Leghorns apparently predominate at the show, but Rhode Island Reds, White Orpingtons and Barred Rocks are well represented. Judging will take place today.

SWINE

Logan Creager, president of the Wilbarger County Swine Breeders Association, is in charge of this department which is showing some unusually fine hogs. Mr. Creager and Joe Moore and several others have a splendid showing of the big bone Poland Chinas. Most of the hogs shown were raised around Oklaunion. Judging started today.

A large showing of dairy cattle and horses and mules were entered today and will be judged this afternoon. H.

(Continued on Page 7)

WAR'S GREATEST HERO STRIVES TO SAVE HOME.

Sergt. Samuel Woodfill and Woodfill home.

Sergeant Samuel Woodfill, chosen by General Pershing as the outstanding hero of the American Army in the World War for killing more than a score of Germans single-handed in wiping out three machine-gun nests, has secured a three months' leave of absence from his regiment. He has gone to work at \$6 a day as a carpenter on the Government dam at Silver Grove, Ky., in an effort to make enough money to meet the payments on his modest little home on the Alexandria Pike, Fort Thomas, Ky., opposite Cincinnati.

ROTARY CLUB BACKS DEFENDANT VICTOR HIGH SCHOOL BOYS IN DAMAGE SUIT

WILL JOIN LIONS CLUB AND FURNISH EQUIPMENT FOR 1922 FOOT BALL TEAM HERE.

At the Rotary luncheon last Tuesday the club voted to underwrite one-half of the expense of obtaining athletic equipment for the Vernon high school foot ball club this season. It is understood that the Lions and Rotary clubs have tentatively agreed to supply the team this season with their athletic requirements.

R. B. Galbraith, director of athletics, was a guest of superintendent Dehoney, made a short address to the club and told of the value of athletics to school and outlined the requirements of the local team. "Athletics will serve as encouragement to many boys to attend, not only high schools, but colleges as well. It will also keep the youngsters off the streets," said Mr. Galbraith.

Birdsong Speaks

A very interesting address was delivered by J. A. Birdsong, who has recently made a business trip to Cuba for the local Kell Mill. Mr. Birdsong told of his trip to the island and his impression gained concerning the commercial welfare of the people.

"About twenty-four years ago Uncle Sam wrested Cuba from Spanish domination and now they are calling on us to pull them out of a financial hole," Mr. Birdsong stated in opening his speech.

"The old original Spaniards are still the bone and sinne of Cuba's commercial and economic life. These Spaniards are high-class men and very reliable people. It goes very much against the grain to have the negroes placed on an equality with the proud Spaniards, and as a result clubs have been organized and the Spaniards have excluded themselves from the natives in a social way."

The speaker discussed many phases of Cuban conditions and asserted that he came home a strong believer in a proper protective tariff.

Boys Work

W. N. Stokes, chairman of the boys committee, told of the work his committee had done towards encouraging youngsters to attend college. It was brought out at the luncheon that this committee had been instrumental in sending several Vernon boys to college this year.

A movement is on foot to raise through the club, a students' loan fund to be used for the purpose of assisting high school graduates who want to attend college, but are not financially able.

BLAIR ELECTED TREASURER COLLECTORS AT CONVENTION

C. M. Blair, county tax collector, returned Monday from Austin where he has been attending the state convention of tax collectors. Mr. Blair was elected treasurer of the association at this meeting.

Here From Austin

S. W. McLarty of Austin, recently a resident of Vernon, is here for a few days on business. The McLarty family moved to Austin some time in August and are well pleased with their new home. Frank and Shirley McLarty are students in the Texas University this year.

DEFENDANT VICTOR IN DAMAGE SUIT

JURY IN JUDGE NABERS' COURT DECIDES IN FAVOR OF DENVER RAILWAY

The jury in the case of E. E. Snodgrass vs. Ft. Worth & Denver Railway Company, tried in the district court before Judge Nabers this week, handed down a verdict yesterday morning in favor of the defendant.

The suit was the outgrowth of an accident which occurred at Harrod in September, 1921, when Mr. Snodgrass, who was at that time employed by the Denver, claimed to have been struck by northbound train number 7 while hanging mail on a crane at the station, and sustained serious personal injuries.

It seems that one vital question involved in the case, to-wit: "Did the train fail to whistle at the crossing?" was answered in the negative by the jury. Mr. Snodgrass testified that the train whistled so near the station that he did not have time to get out of its way.

A motion for a new trial will be filed.

ALL IN READINESS FOR PICNIC RECEPTION AT PARK

Arrangements have all been made for the reception picnic at Allingham park. The reception and basket committees are to arrive by five o'clock and the other guests are expected by six when the bountiful dinner will be served. All over Vernon today baskets are being packed for this all fresco luncheon at which the teachers and ministers and families will be honored guests. After the dinner a program of readings, music and stunts will be staged.

To Be Re-united after 43 Years

J. W. H. Turner of Hopkins county who has been visiting relatives here will go soon to Seymour where he will meet a sister who he has not seen in forty-three years.

Forty-three years ago Mr. Turner left Mississippi and came to this state. A sister Mrs. Elizabeth Strange left Mississippi later and also came to Texas. Both married, reared a large family but failed all these years to meet up with each other.

During the Baptist convention, two of their sons, Rev. W. T. Turner of Waco and Rev. Timothy Strange of Seymour met and found out their relationship. Today Mr. Turner received a telephone message that his sister was in Seymour and he will go to see her tomorrow. Mrs. Strange is over eighty years and Mr. Turner is on the shady side of 75.

Electra Day For Fair

Word was received here today by R. H. Coffee, manager of the Wilbarger county fair, that the Electra chamber of commerce had accepted an invitation to come and bring a large delegation of Electra citizens to Vernon on Thursday, September 21, which has been designated as "Electra Day."

According to the letter received from president Johnston of the Electra chamber, that city will invade the fair grounds with a long string of automobiles carrying many Electra business men and citizens of the county," said Mr. Coffee this morning. "We are sure this will be one of the biggest days of the fair," he continued.

VERNON HI TEAM IS PREPARING FOR 1922 GAME SEPTEMBER 30

R. B. Galbraith of University of Missouri Director—Captain Hollar Puts Lads Through Training—Over Thirty-Five Bid For Place On Club—Crowd Here September 30.

About thirty-five youngsters, under the direction of R. B. Galbraith, newly elected coach of the Vernon High School Athletic Club have been working out during the past week preparatory to the laying of a foundation for what promises to be a winning foot ball team this season.

Mr. Galbraith, who is a graduate of the University of Missouri, has been putting the Vernon lads through a series of strenuous drilling at the plunging, tackling and other fundamental of the game.

The local team this year will be selected from a group of unusually good timber. Captain Hollar at quarter back is recognized as a strong and experienced leader. His work last season was a feature of Vernon's of offense and defense fights. Walker, Withers and Key are also showing strong again this season.

Game September 30

The first game will be staged in Vernon against Chillicothe on September 29. The Crockett team will also play the Vernonites here on October 7. Following these games the Vernon lads will go to Wichita Falls and play the high school team of that city on October 14. They will also play a game at Quannah, October 21.

It is pointed out that the Vernon Hi failed to play the required number of games last season which would have entitled them to enter for district honors. This year the local team is expected to make a hard fight for the championship of this district, according to Captain Hollar. "The boys are working hard to make the team and when the final elimination takes place I believe the team will have one of the best foot ball squads that has ever appeared on the local field," said Mr. Hollar.

FARMERS CLAMORING FOR COTTON PICKERS

COTTON OPENING RAPIDLY ALL OVER COUNTY AND HELP IS NEEDED NOW.

Due to the rapidity with which the cotton has opened in Wilbarger county during the past week or ten days, an unusually heavy demand for pickers has developed, and throughout the entire county there seems to be a general clamoring for help.

"We have telegraphed Fort Worth, Gainesville, Wichita Falls and other points, but so far have been unable to find pickers. There seems to be a considerable demand for pickers now. Wilbarger county can take care of five hundred pickers now," said J. V. Townsend, secretary of the chamber of commerce, today.

Farmers in town today looking for pickers say that the cotton is opening very rapidly and pickers are needed badly.

SCHOOLS ENROLL 1185 ON FIRST DAY

316 IN HIGH SCHOOL—GAIN OF 31 FROM LAST YEAR AT OPENING.

Enrollment opening day of the City schools this year numbered 1,185 for all grades and the high school. This is a gain of 8 scholars for last year is stated by the superintendent. The high school enrolled 316 for the fall season of 1922 was announced by the principal, J. N. Fulcher, a gain of thirty-one over last year's enrollment in that department.

Twenty-five out-of-town students have enrolled in the high school which helped swell the number from last year's count. These are students who have finished the work in the rural schools of this county and are taking advanced courses here.

Accepts Position With New Firm

Miss Hazel McElroy has accepted a position as stenographer with M. G. Neathery and Company, cotton brokers who recently established offices in the Peck building on N. Main street.

MRS. HARDING IS VERY ILL AT WHITE HOUSE

Latest photograph of Mrs. Warren G. Harding, wife of the President made at the White House shortly before her serious illness.

MRS. L. G. HAWKINS IS CONTEST LEADER

MANY LINING UP FOR HOME
STRETCH IN RECORD MIS-
SPELLED WORD CONTEST

With four more issues of the Record's ten scheduled publications of its Community Program remaining, the mis-spelled word contest is drawing intense interest from the large number of local contestants who are bidding for the prizes offered. Mrs. J. W. Brook Jr. and Mrs. J. D. R. Cooper are tied for third place.

A decided change in the lineup is revealed in the percentages computed this week by the contest manager today. Mrs. E. E. Luttrell, who was leading the entire delegation at the close of the fourth issue, has dropped out of the group of the first five in the high score battling order, having been replaced by Mrs. L. G. Hawkins who now has a percentage of .9772. The next four money contenders are: Mrs. W. F. Magee .9710, Mrs. J. W. Brock, Jr. .9659, Mrs. J. D. R. Cooper .9659, and Mrs. Walter Ladd .9602.

90 Per Cent Class

A most notable feature of the contest is the fact that sixteen are in the ninety per cent class, most all of whom have a good chance to win a prize. Others in this class, besides the first five are:

Miss Maurine Davis, Mrs. W. H. Huggins, Mrs. S. E. Porterfield, Mrs. C. J. Farrell, Mrs. E. E. Luttrell, Henry Rogers, Mrs. Joe A. Napier, Mrs. J. N. Fulcher, Mrs. A. M. Tacker, Regina Greene, and Mrs. M. C. Culbertson.

Some Are Confused

It seems that there is some confusion and doubt concerning the regulations with reference to the mis-spelled words, and the question has been asked, whether one should mark a word which should have begun with a capital letter, and other violations of correct English.

The contestants are advised that the regulations provide that the word must be actually mis-spelled by the use of wrong letters, or the omission, transposition or other improper use of letters in spelling the words. Punctuation and the improper use of capital letters does not constitute a mis-spelled word under the regulations of the contest.

Four Weeks Remain

The contest will close on October 10, leaving four more issues yet to be published.

The awarding of prizes will be made on the Saturday following the publication of the issue of the Record dated Tuesday, October 10.

Visits His Sick Son

R. V. Manis went to Wichita Falls Thursday to see his little son, Vernon, who is quite ill in a sanitarium there. Mrs. Manis and son had been visiting relatives in Wichita when the little child was taken seriously ill. It is thought that the boy will be able to be brought home Sunday.

ONE HUNDRED THOUSAND DOLLAR SANITARIUM PLANNED FOR VERNON

Wilbarger-Ford Baptist Association Starts Movement At Recent Meeting That May Mean Location Of Big Institution Here—Rev. Mims Confers With State Board—Sanitarium Will Serve Large Territory—Project Long Considered By Prominent Baptists Over District—Forty Thousand Dollars Subscribed Locally.

Announcement was made yesterday by Rev. L. J. Mims, pastor of the Baptist church and other prominent local Baptists that machinery has been set in motion and plans are being worked out for a one-hundred-thousand-dollar sanitarium for West Texas, which, in all probability, will be located in Vernon. It was learned today that the enterprise had been in the minds of many prominent Baptists of this section for several years, but only recently did the church take formal action on the matter and start the ball rolling which may mean the location of a great benevolent institution here.

Approved by Association

At the recent Wilbarger-Ford Baptist Association meeting at the Mt. Zion church in the Hinds community the matter of a sanitarium was discussed, and the entire membership voted to immediately start the work of raising funds for the new project. Following this endorsement a committee consisting of Rev. L. J. Mims, chairman, L. A. Foster and J. A. Gilliland of Vernon, Rev. J. E. Billington of Crowell, and Rev. Frank McNair of Thalin was elected by the association for the purpose of taking the matter up with the executive board of the Baptist general convention, composed of seventy-five men, who represent over 400,000 Baptists of Texas. Rev. Mims made a trip to Fort Worth and presented the proposition to these gentlemen and requested the state board to contribute \$25,000 to the movement in commencing on this phase of the new enterprise today the local pastor said: "Our proposition will undoubtedly receive favorable consideration from the board and with the assistance already pledged by local people, Vernon has the opportunity of her life to secure a great institution." The executive board appointed a committee to investigate the matter.

\$40,000 Pledged

It was learned today that the Wilbarger county medical association had already pledged \$20,000 to the sanitarium fund, and that an equal amount had been promised from another source, the identity of which was not disclosed, making a total of \$40,000 to start with.

Discussing the matter yesterday with a Record reporter, a prominent local Baptist said: "While the sanitarium will be operated and controlled by the Baptist church of Texas, it is expected that a great majority of the entire citizenship of the territory surrounding Vernon will contribute to the cause. It will be operated for the benefit of the public, irrespective of church affiliations. It's a great opportunity for Vernon as well as this entire section of the state."

Covers Big Field

Local Baptists call attention to the fact that the Vernon Sanitarium will be the only institution of its kind closer than Fort Worth, with the exception of a similar institution, the building for which is now under construction at Abilene. The citizens of that city recently raised \$150,000 with which to erect a sanitarium. This was augmented by a \$100,000 contribution from the state board and Abilene will soon have, ready for operation, a quarter-million dollar sanitarium. It was suggested yesterday that efforts are being made to start a similar movement in Amarillo, but if Vernon succeeds in the movement here the Amarillo project may be abandoned.

Attention is called to the fact that Vernon will be one of the seven Texas cities in which a Baptist sanitarium is located.

Mass Meeting

It is proposed that a mass meeting of Vernon citizens be called at an early date to discuss the matter and formulate plans looking to the matter of raising the balance of the funds needed before the actual work in connection with the building can be started. The Baptist women's organizations will take an active part in the movement and a committee of two women will be appointed to confer with the committee.

The committee in charge expects to secure at least \$75,000 and a suitable site before starting the building.

Covers Large Area

After a meeting of the executive committee which will be held next week, it is planned to call a general mass meeting of the Wilbarger-Ford Association and all of the adjoining association in the territory that the proposed sanitarium will serve, which will embrace about twenty West Texas counties.

Rev. Mims, who has only recently assumed the pastorate of the local Baptist church, is a member of the state board. The new pastor has been active in the development of public institutions in Texas for a long time, having served as president of the Howard Payne college at Brownwood for eight years. He is recognized as one of the foremost Baptist ministers of Texas.

SAYS FARM EXHIBITS SHOULD BE ON GROUNDS BY TUESDAY

Lon Byars, president of the Wilbarger County Fair Association, issued a statement today requesting that all farm exhibits be placed on the grounds by next Tuesday.

"In order to get everything straightened out and properly arranged I am requesting that all of the farm exhibits be placed on the grounds by Tuesday of next week. We will be prepared to meet the exhibitors on the grounds and see that everybody is properly cared for," said Mr. Byars this morning.

The management of the fair recently stated that an unusual amount of interest is being manifested in the agricultural department this year, and a good showing is expected.

Wilbarger Grows Real Pears

About two miles southwest of Vernon will be found a twenty-acre pear orchard. J. E. Lutz is its owner. The orchard is about fourteen years old, and according to Mr. Lutz, it produced in 1919 fruit that amounted to about \$12,000 in value. Mr. Lutz says that this year is the second best crop the orchard has ever produced.

"The pears are the 'kief' variety," and in his opinion Wilbarger county is the natural home for the kief pear," states Mr. Lutz. "These pears, which are the most delicious that can be found, weight from three-quarters to a pound and a half."

Mr. Lutz asserts that he will raise ten to twelve thousand bushels from the twenty acres in a normal season.

HAVE ARTICLES FOR DIS- PLAY AT FAIR IN EARLY

"Have your articles you intend entering at the fair, in the hands of the manager of the departments, no later than Wednesday noon" is asked by Mrs. O. A. Brunson, and Mrs. Paul Goetze in charge of the Textile and Culinary booths.

Both women will be on the fair grounds all day Tuesday to arrange this display and they urge that all entries be brought that day, if possible. Articles for prizes must arrive by Wednesday noon is stated or they can not be entered. Some things for the textile department have already been placed in the superintendents keeping. Mrs. Brunson asks that these articles submitted for prizes be carefully labeled with name of the owner be placed in the article. Mrs. Goetze asks that the name and address be written on a label and placed on the bottom of the container in which fruit and vegetables are displayed. They both urge that as many as possible compete in these divisions in order that the fair may be a real success due to the untiring efforts of the women.

They are very anxious to secure a variety of different articles and products for the textile and culinary division.

Merchants To Close

R. B. Sherrill, manager of the Retail Merchants' Association, announced today that the members of his association had voted to close their places of business on Wednesday, September 20, from 12 to 5 o'clock, in order that their employees might attend the fair on "Vernon" day.

WEST TEXAS COUNTIES AT STATE FAIR SHOW

West Texas Chamber of Commerce
Cooperating With State Fair
Officials.

In full cooperation with officials of the State Fair of Texas, the West Texas Chamber of Commerce Porter A. Whaley of Stamford, manager, is hard at work to the end of fullest representation at the forthcoming Fair, Oct. 6-16.

Mr. Whaley has advised State Fair officials that B. M. Whitaker, exhibit manager of the West Texas Chamber of Commerce, is now in the field on an automobile tour. He is visiting various West Texas counties encouraging them to line up and send exhibits to the State Fair. He will also place exhibits in the hands of competent persons and raise funds with which to transport them to Dallas.

Oct. 13 is West Texas Chamber of Commerce Day at the Fair, and the Fourth Annual Exhibitors Banquet will be held that night.

MAGNIFICENT FIRE SPECTACLE TO BE STATE FAIR FEATURE

Before a built-up back-scene 500 feet long, constructed of heavy timbers and carrying the impression of distant mountains, there will be given at the State Fair of Texas, at Dallas, Oct. 6-15 this year, what is declared to be the most magnificent fire or pyrotechnic spectacle, even seen in the southwest.

Called "Mystic China," this year's State Fair "fire festival," it is said, is enacted to a carefully constructed scenario and by a number of real actors. It depicts an assault on an ancient Chinese city by a Tartar band, a repulse by the inhabitants and the subsequent celebration of the victory.

There is shown in a wonderful fire display the temple of the purple and gold Buddha; the "Feast of the Lanterns," the "Festival of Spring," the "Feast of the Dragon," and many other spectacles.

An elaborate daylight program has also been arranged for the grand stand enclosure, including William Boyer, girl flyer, and the "Aerial Circus" of more than twenty thrilling acts.

FOOTBALL GAMES ALREADY SCHEDULED DURING THE FAIR

Five football contests have already been scheduled between rival teams to be played in the big athletic stadium at the Fair Grounds, during the State Fair of Texas at Dallas, Oct. 6-15. There are several open days, but these are expected to be filled shortly. Games already scheduled include:

Oct. 10—A. & M. of Texas vs. Tulsa University, Tulsa, Okla.
Oct. 11—Oak Cliff High vs. Waco High.

Oct. 12—Grubbs Vocational School vs. East Texas Normal.

Oct. 13—Waco High vs. Tulsa High, Tulsa, Okla.

Oct. 14—S. M. U. of Dallas, vs. Louisiana State University.

A notable art collection will be on exhibition at the State Fair of Texas, Dallas, Oct. 6-15 this year. Julian Onderdonk, Texas artist, has secured a collection of pictures said to be valued at five million dollars. They will come to Texas with the option of purchase of any among the collection, and the return of those not purchased, after the Fair is over.

Will you fly to the Fair?

**STATE FAIR OF TEXAS
DALLAS OCT 6-15**

Leaves For Training School

Miss Alice McLarty who has been spending the summer with relatives here will leave tomorrow for Kansas City, where she will attend Scarritt Bible Training School. This is an institution where missionaries are trained and Miss McLarty will finish this year. She has volunteered to do home-missionary work and will not leave the United States. Miss McLarty does not know at this time where she will be sent.

AMERICAN LEGION MEMBERS FINED FOR BEING A. W. O. L.

At a mock trial staged at the American Legion hall, E. O. Youngblood and M. C. Culbertson were tried on charges of being absent from the last regular meeting and were fined by the court E. M. Haney, another prisoner escaped and his bond has been declared forfeited.

H. B. Hingst acted as trial judge and A. A. Hingst was made clerk of the court. The prisoners plead not guilty, a jury was selected but the men were not allowed to challenge the jurors. John Storey acted as prosecuting attorney and three witnesses for the prosecution were put on the stand.

Before the case was argued before the jury, the judge delivered his charge and fined the jurors ten cents each. The case was given to the jury who returned promptly with a verdict of guilty and the prisoners were fined a box of cigars. T. L. Rouse was also fined \$1.20 to refund to the jurors the dimes paid to the judge. The prisoners were also sentenced to run the gauntlet but escaped down the fire escape.

MANY BY-PRODUCTS RETURN PROFIT TO CITRUS GROWERS

To offset the serious losses in the citrus fruit industry occurring through bruised, undersized, or oversized oranges, grapefruit, and lemons usually allowed to go to waste, the Bureau of Chemistry of the United States Department of Agriculture has investigated methods for getting by-products that will return a profit to the grower. Some of these products require a preliminary expense for equipment, but it has been demonstrated that the investment can soon be made profitable.

Grapefruit juice, which is increasing in popularity, can be easily made if directions for pressing, straining, pasteurizing, clarifying, sweetening, and bottling the juice are carefully followed. These directions may be obtained from the department. A blend of grapefruit juice with loganberry juice has been found popular. Orange vinegar is a satisfactory substitute for apple vinegar and should be made in districts where many cull oranges would otherwise be a total loss.

Citrus acid is a valuable commercial article which can be made from cull lemons or limes, if proper apparatus is installed.

Other by-products from citrus fruit waste include candied citrus peel, for use as a confection or by bakers, in place of citron, marmalades, jellies, butters and pectin.

DEMONSTRATES MAKING OF A COMMUNITY PROGRAM WORK

A demonstration of the developments of a community program of extension work was given at the annual conference of Louisiana extension agents of the United States Department of Agriculture and the State Agricultural college, held in Baton Rouge in August. A program for a near-by community was completed before an audience of extension agents and farmers, with the assistance of four farmers who discussed the leading agricultural interests of this community and what they considered the most pressing problems.

The demonstration showed that the extension agent should make a close study of the community before attempting the formation of any program, and must use the care, patience and skillful questioning at the conference of the community program committee in determining the real problems. When the program is completed, the demonstrations should be followed by well planned meeting, tours, and other publicity in order to get the largest possible number of people to accept the practices which the demonstrations have shown to be worth while locally.

EXCELLENT CHANCES AT FAIR TO STUDY GOOD LIVESTOCK

Exhibits of improved live stock and poultry at county and state fairs this year promise to be unusually interesting, according to reports received by the United States Department of Agriculture from many sources. In practically all parts of the country excellent live stock exhibits are to be attractive features of fairs. The attention which breeders and farmers have been giving to good live stock, combined with good feed and care have resulted in some exceptionally well-bred and well-fitted animals.

In encouraging farmers to take advantage of the opportunities which fairs and live stock exhibits give for observing improved live stock and poultry the Department of Agriculture places emphasis on the following points: Live stock displays afford an opportunity to study breeds and types and to see a large number of good animals. In the case of meat animals the size, conformation, and uniformity are worthy of special study in view of increasing tendency to raise purebred and high grade stock as market animals as well as for breeding.

Farmers attending live stock displays obtain useful information by meeting others who are interested in superior breeding and feeding methods. Best ideas exchanged and information gained, new enthusiasm for the work is a common result. Animals and poultry may be purchased at most fairs, though as a rule it is more satisfactory for a farmer to purchase animals at the home of the breeder than to buy fitted animals at fairs. Animals that have been prepared for exhibition usually are priced higher than unfitted ones of similar quality and breeding.

SUCCESS ATTENDS CONTROL MEASURES IN PEACH ORCHARD

One of the best peach crops ever produced in Georgia has just been harvested. It is reported to the United States Department of Agriculture. Very good progress was made in overcoming the heavy curculio infestation. All varieties, through to the close of the Elberta season, have been unusually free from curculio larvae.

Careful investigations of commercial orchards treated according to the advice of department and state specialists showed that curculio damage was not greater than an average of one wormy peach in each five-eighths bushel basket. In these orchards dropped fruit was picked up and destroyed, and cultivation for the destruction of pupae practiced, in addition to very thorough spraying.

ENTRANCE CREDITS REQUIRED IN COLLEGES AND UNIVERSITIES

The attention of all students is called to the entrance requirements in the various Texas colleges and universities. All of these schools require a total of 15 units. Most of these are prescribed in certain subjects, the remainder being elective. The prescribed units for the various colleges and universities are as follows:

English 3, history 2, algebra 2, plane geometry 1, foreign language 2, science 1 in Austin college at Sherman, Simmons College at Abilene, Incarnate Word College at San Antonio, Christian University at Fort Worth, Trinity University at Waco, and Abilene Christian College at Abilene.

The following colleges and universities prescribe three units of English 2 of history, 2 of algebra, 1 of plane geometry and 2 of a foreign language: University of Texas at Austin, Daniel Baker College at Brownwood, Howard Payne College at Brownwood, Our Lady of the Lake College at San Antonio, and Southwestern University at Georgetown.

In addition to the usual English, history, algebra and plane geometry, three units in one foreign language or two each in two foreign languages are required by Southern Methodist University at Dallas and Texas Presbyterian College at Milford.

In addition to the general requirements just mentioned the College of Industrial Arts at Denton prescribes two units in either science or foreign language, and Baylor University at Waco prescribes one unit in science but no foreign language.

Baylor College at Belton and all of the six state normal colleges prescribe the usual eight units in English, history and mathematics. The Agricultural and Mechanical College at College Station is the only college in Texas that prescribes only six units: English 3, and mathematics 3. Texas Woman's College at Fort Worth is the only one prescribing only one unit in history along with the eight in English, mathematics and foreign language.

It should be noted that every college or university in Texas prescribes three units in English, 2 in algebra, and 1 in plane geometry and that all but two prescribe two units in history. Most of them prescribe two units in language but some will allow this to be made up after the student enters. When selecting his course the student should keep in mind the above facts, and so arrange his courses as not to be embarrassed after graduation by being refused admission to the college which he wishes to attend.

Abbott of Amarillo Here

Leland Abbott of Amarillo visited his mother, Mrs. A. Allison here Wednesday enroute to his home from Dallas where he had been attending a convention of the Jefferson Life Insurance company. Mr. Abbott last year was the eighth man in the United States to qualify in the \$100,000 club for which he received a cash prize.

A model of the poultry house recommended for farm flocks by the State College of Agriculture, attached to the county extension agent's automobile, has been carried by the agent in McDonald County, Mo., on his demonstration trips for several months. Special demonstrations of its construction were given at 14 community fairs. As a result 21 new poultry houses, modeled on this type, are under construction in the county, according to reports to the United States Department of Agriculture, and 27 poultry houses were remodeled last year.

Insects may damage metals and other materials, in addition to crops. According to reports received by the United States Department of Agriculture, the termite *Coptotermes niger* Snyder is causing serious damage to lead-covered cables at the locks of the Panama canal. These termites work through the lead, often causing large openings, and then travel between the two wires of the duplex cable. Since the space between these two wires is not large, they eat away the insulation. Another termite, *Nasutitermes ephratae* Holmgren, is also a very serious offender. It does not care for lead, but works havoc in rubber, cloth and other insulation. Studies on these and other termites are being made.

Insects Damage Canal Cables.

HAD GIVEN UP HOPE FOR HER BABY

Ware's Baby Powder Relieved Bowel Trouble Over night. Baby Soon Fat and Healthy.

Mrs. John Webb, 7115 Avenue E., Magnolia Park, Houston, Tex., writes as follows: "My baby was sick two weeks ago with stomach and bowel trouble. I gave her everything I could hear of and everything the doctor sent her, but nothing would do her any good. I had almost given up all hope when one of my neighbors told me about Ware's Baby Powder. So I sent for the powder and gave the first dose about 11:30 that night, and the next morning her bowels were regulated. Now my baby eats like a little pig and is fat and healthy."

Ware's Baby Powder is harmless and babies and children love to take it. Given in liquid form mixed with sugar and water. Prescription of famous old doctor; in use over 40 years. At drug stores, 50c and \$1.00. Prepared by The Ware Chemical Co., Dallas, Texas. Adv.2

MUSICAL ARTISTS THRILL AUDIENCE

MISS CATHERINE PIERCE AND
MISS ENA EVERTON STAGE
WONDERFUL CONCERT.

What was considered by everyone who was fortunate enough to attend the concert, an almost perfect exhibition of musical art was staged at the high school auditorium last night by Miss Catherine Pierce, local violinist, and Miss Ena Everton, accompanist and entertainer of Lubbock.

Miss Pierce, who has attained a wide reputation, not only in Texas, but also Colorado, California and other places, gave one of the most faultless exhibitions of violin music ever heard in Vernon. Indeed it is doubtful whether the nationally known artists could have any more than equaled the wonderful music produced from the violin last night by the local artist.

Super-exquisite tones and almost faultless technique characterized every rendition. The audience was exceedingly enthusiastic and cheered repeatedly. The stage setting was beautiful.

A treat rarely enjoyed by a Vernon audience, was given by Miss Everton, who thrilled the audience by her wonderful and perfect piano performances. Her clever rendition of pianologues brought forth enthusiastic applause.

Little Miss Dorothy Piper surprised the audience with her wonderful violin renditions.

GLASS STOMACH INDICATES DIGESTIBILITY OF FOODS

It is now possible to determine the digestibility of the protein in foods and whether or not it is necessary to cook them, without conducting feeding tests, thus saving much time and expense, say the specialists of the Bureau of Chemistry, United States Department of Agriculture, who have adapted a chemical method to this work. The method is carried out by the use of laboratory apparatus that might be called an artificial stomach, since by its use it is possible to imitate at least a part of the digestive processes.

The proteins to be tested, those from beans, for instance, are placed in glass containers in a dilute solution of hydrochloric acid similar to that found normally in the stomach, the proper quantity of pepsin is added, and the mixture is placed in an incubator where the temperature is kept at the same point as that of the human stomach, about 37 degrees centigrade. After a certain number of hours the contents of the containers are sampled and analyzed. The digestive effect is measured by the ratio of what is known as amino nitrogen to total nitrogen. By running through cooked and uncooked protein from beans it is possible to determine which is the more easily acted upon by the chemicals in this artificial stomach, and consequently, by the stomach itself.

After the food has been acted upon by the pepsin and hydrochloric acid, it is treated with trypsin and a dilute alkaline solution as nearly as possible like the digestive juices found in the small intestine. This second process tells the investigator what the probable digestive action on any particular food will be in the intestine.

In the human or animal body there are, of course, other factors that enter into the digestion of food or foods, but the "artificial stomach" will tell if one protein is more digestible than another and whether it is more digestible when cooked or raw. It does not tell what kinds of protein are contained in a food or whether the variety is sufficient for all the needs of the body.

Mr. and Mrs. Fred Streit and daughter, Miss Emma, were in Vernon Wednesday afternoon. Miss Streit and her mother brought in some articles for display in the textile department at the fair.

STATE FAIR READY FOR BOYS AND GIRLS

Annual Encampment of Young Texas
Farm Folk To Be Big Fair
Feature.

Boys and girls from Texas farms will attend the State Fair of Texas at Dallas this year in number. Dates for the annual encampment and prize-winning contests at the fair have been announced and officials of the extension department of A & M College are active in preparation for the events.

Members of accredited Boys Farm Clubs will encamp at the Fair Oct. 9-11. Members of girls' clubs will be at Dallas Oct. 12-14. Both boys and girls will be guests of the fair in the big encampment building, and will contest for the three prize scholarships in Texas colleges offered by the Fair Association. In addition they will contest for the handsome prizes offered by the Dallas County Seed Breeders' Association.

The fair scholarships in A & M College, John T. Hartley College, or Grubb's Vocational school, will be offered, first, for the best record in corn production; second, for the best peanut production; and third, for the best record in grain sorghum.

Visiting boys and girls will be looked after while in Dallas by duly appointed chaperones and guides, in whose charge they will be while at the fair, and under whom they will take in all the sights and see all the instructive exhibits.

R. W. Persons of A & M College, will be in personal charge of the boys' encampment, while Miss M. Helen Higgins, also of A & M, will have charge of the girls. Full particulars may be had by applying to either of these college officials.

SPECIAL DAYS AT STATE FAIR SO FAR DESIGNATED

Several weeks before the opening of the State Fair of Texas at Dallas, a number of special days have already been designated. They include designations that will be of interest to people in various walks of life throughout the state. The fair opens Oct. 6 and continues through Oct. 15, inclusive, and the special days thus far assigned are as follows:

Oct. 6—Children's Day, Music Day, Boy Scouts' Day.

Oct. 7—Press Day, with Texas editors attending as guests of the Fair Association; also Traveling Men's Day.

Oct. 8—International Day; first Sunday concert; amusements and exhibits open as usual.

Oct. 9—Boys' Educational Encampment opens; Texas Women's Press Association Day; Grand Army of the Republic Day; Orphans' Day.

Oct. 10—Dallas Day; "Patrons of 1886" the first State Fair; second day of Boys' Club Encampment.

Oct. 11—Confederate Day; Boys' Educational Encampment Closing Day.

Oct. 12—League of Texas Municipalities Day; Cattlemen's Day; League of American Pen Women's Day; Dallas Pen Women's Day; Thirty-Sixth Division Day; Opening Day of Girls' Encampment.

Oct. 13—Chambers' of Commerce Day; Oklahoma Day; Gainesville Day; Oil Men's Day; Mexico Day; West Texas Chamber of Commerce, Exhibitors' Banquet at night.

Oct. 14—Social Welfare Day; "Fun Fest" beginning at 9 p. m. Other special designations to be made later.

Oct. 15—Closing Day; second Sunday concert program in Coliseum; all exhibits and amusements open as usual.

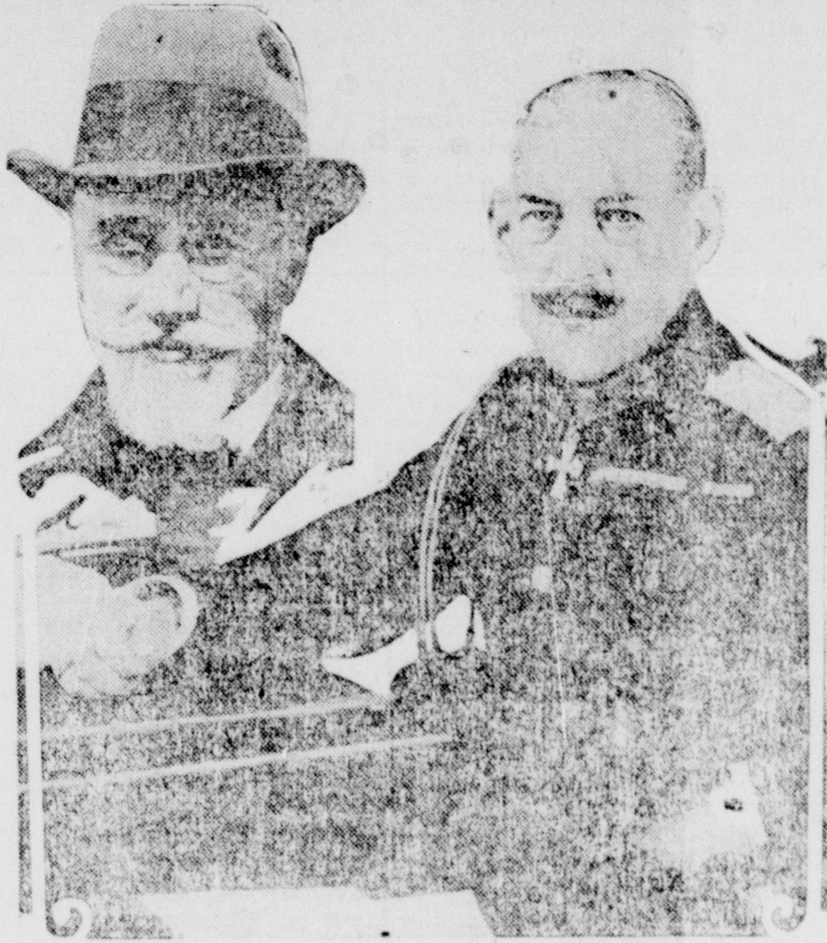

STATE FAIR OF TEXAS
DALLAS, OCT. 6-15

The Fargo community will have a booth at the coming county fair. Everyone in the community is urged to assist in this matter and is asked to bring all products they may have to H. H. Scherer's residence Monday afternoon, Sept. 18 where all products will be labelled and prepared for exhibition and from where they will be carried to town.

GREEK KING QUILTS PALACE AS REVOLT THREATENS.

King Constantine, of Greece, once removed from his throne by the Allies, but later permitted to return, is reported to have quit the palace at Athens in the face of what appears to be a revolt against his unpopular war against the Turkish Nationalists and the terrible losses sustained by his utterly crushed army. It is believed the party supporting M. Venizelos, Premier, who stood by the Allies in the World War, will endeavor to step in and gain control of the nation.

AIRPLANE DUSTING USED IN CONTROL OF COTTON WORM

Airplane dusting as a means of control for cotton-leaf worms is being given a thorough test by the United States Department of Agriculture, in co-operation with the War Department, which is loaning planes and pilots for experimentation. The work is going on at the Delta Laboratory of the Bureau of Entomology, at Tullahoma, La., under the direction of R. R. Condit.

The necessity of reaching every part of a large area as rapidly as possible in case of a severe infestation led to these experiments, which have so far given very encouraging results. The width of spread taken at a trip by the plane is yet to be determined, but it is known that the dust delivery from a plane can be controlled to poison effectively a strip of any desired width from 20 to 400 feet. About 2 pounds of calcium arsenate to the acre insures a very thorough dusting.

A hopper without any feed mechanism whatever has been developed, using the air current created by the plane to deliver the dust and break it up into very fine particles. The speed and thoroughness with which this is accomplished, the amount of adhesion to the plants and the economy of operation, have been advantages obtained by the use of the airplane. Even with a small hopper necessitating frequent landings, about 250 acres of cotton can be treated in an hour.

"Ladies and gentlemen, you will see something fine when Willie Jones eats a whole great big box of Kellogg's Corn Flakes because that's the only kind he will eat a whole box of!"

It's a joyous treat to sit down to a bowl of Kellogg's Corn Flakes

You'll agree that you never ate such delicious, such satisfying cereal as Kellogg's Corn Flakes! Those big, sunny-brown "sweet-hearts-of-the-corn" are so fascinating in flavor and so crispy and crunchy that you don't wonder the children are thrilled to eat them!

Compare Kellogg's with imitations to realize their quality, their appetizing appeal, their wonder-crispness! Unlike imitations, Kellogg's are never tough or leathery or hard to eat! Each heaping spoonful of Kellogg's is even more joyous than the last—there is no end to the happiness that is yours eating Kellogg's Corn Flakes!

ASK FOR KELLOGG'S! Be sure that you get Kellogg's—the delicious Corn Flakes in the RED and GREEN package that bears the signature of W. K. Kellogg, the originator of Toasted Corn Flakes. NONE ARE GENUINE WITHOUT IT!

LIVESTOCK IMPROVEMENT TOLD IN RADIO MESSAGES

Operators of radio-receiving sets in Michigan and neighboring states who "listen-in" during the next few weeks will learn how to improve their live stock. At the suggestion of officials in charge of the Michigan State Fair, the United States Department of Agriculture has prepared messages explaining the various features of the Government exhibit to be shown there. A booth on the utility value of purebred live stock is one of the interesting displays. Compared with common live stock, purebreds are shown to have about 40 per cent greater earning power based on utility alone.

This booth gives a few of the reasons why purebred sires especially should be used on farms, and the Department of Agriculture is ready to supply literature for aiding livestock owners to improve their herds and flock.

MORE PIGS RAISED BY SOWS PUT ON BALANCED RATIONS

Sows put on balanced rations raised 71 per cent more pigs than those receiving the same management but fed on low protein rations in a "Save the Pig" campaign carried on by extension workers in Kansas last spring. Farrowing records were kept by 53 farmers. According to a report received by the United States Department of Agriculture, 263 sows on 29 farms received corn and a protein supplement of either tankage, skim milk, alfalfa or linseed oil meal. These 263 sows farrowed 2,669 pigs, an average of 10 to a litter; of these pigs, 1,713 were weaned, an average of 6.5 pigs per litter. On 11 farms, 166 sows received mostly corn rations, farrowed 1,194 pigs, an average of 7 to the litter; of these pigs 1,645 were weaned, an average of 3.8 pigs to a litter.

HOLLAR LISTENS IN: HEARS TEN STATIONS THURSDAY

Jess Hollar, on a home made radio outfit installed about three weeks ago, picked up ten stations last night from 9 to 11:30.

He says: "My first station was WKAF, Wichita Falls."

"Next was WOS Davenport, Iowa, a fine band concert was on. Next was KSD, St. Louis Post. He was giving a lecture on health. Then came in Atlanta Journal, Atlanta, Ga., calling WBAP, Waco, WTAJ came in with concert and signed off. Next I picked up was KLLZ, Winters at Denver, Col. Sweeney Automobile School WHB, Kansas City band concert, quite swell."

with various kinds of selections. Just before 10 o'clock WPA Ball reports some good music and signed off. KZN Salt Lake City was next to come in. Next was a low call from National Guard, Denver.

"I didn't get any other calls but heard from KSD that Arkansas has spent one hundred million dollars for roads. Before shutting off for the night I enjoyed another concert from WMB."

Mrs. A. M. Bourland and son, Delphus Bourland, left this week for Kellar where they will visit relatives. From Kellar, Mr. Bourland will go to College Station where he will enter A. & M. College of Texas.

We Can Furnish You

Not all the time can we furnish you with cotton pickers but we can always furnish you with cotton picking needs. We claim to have the best cotton sacks, wagon sheets, knee pads, scales, etc., for the money.

Come in and you will agree with us that we can furnish you with cotton picking needs and at a good price.

THE RURAL MOTHERS' CLUB

By Phoebe K. Warner

Twenty-five years ago the first Mo-
thers' club in America was only a few
months old. For years before this
time the mothers of the city had been
organizing for different work. They
had organized themselves into groups
for study. They had banded together
for missionary work. They had formed
societies to fight the liquor traffic.
But for some reason the home and the
child was the last motive for organiz-
ation.

That seems strange doesn't it? But
it is one of those natural things that
none of us can understand. The idea
seemed to be that motherhood and
childhood were simply two natural
conditions that needed no thought, no
preparation, no education. When you
get right down to brass tacks most
folks still think the same thing.

In all multiplied courses of study the
last to be added to our college curri-
culums is the course in home making,
motherhood and child rearing. Why,
all these courses are so new yet that
most of us do not know anything about
them. But they are coming and we
are all learning. Yes, we are. There
is not a class of American citizens in
all the list more anxious to grow and
yearn and fit themselves for their pro-
fession than the American mothers.

But we are going to create our own
schools. We will have to be our own
teachers and plan our own course of
study. And today there is scarcely
a town of any size along the railroad
that does not have a Mothers' Club or
organized for the promotion of the school
interests in their community. But
how about the rural schools.

How many Mothers' Clubs are there
in the country? Now, so far as moth-
erhood is concerned there is not a
spark of difference between a rural
mother and a city mother. Mother
love and mother interest is the same
throughout the nation. Every moth-
er wants the best possible for her child.

The simplest idea afloat today is the
idea that there is any particular dif-
ference in the desires and the ambi-
tions of motherhood for their child-
ren. There is no difference between
the mothers. The only difference is
the distance from one mother to an-
other. And so it happened that the
mothers who lived nearest to one an-
other got together one day 25 years
ago and decided to do something in
the name of American motherhood for
the children. It happened in the city
because there were more in the city
to inspire the thought. It happened
in the city because every other wom-
an's organization was located in some
city. It happened in the city because
a few women could either walk or get
on a street car and get together in a
few minutes and then go home in a few
minutes and not be missed long from
their homes. And another reason it
happened in the city was because the
women of the city had more time to
give to work outside of the home.

Was it a good thing? Has the work
of the Mothers' Congress proved worth-
while to the nation? Has the school
been helped by its organization? And
more than that have the mothers
themselves been helped by their asso-
ciation with one another in the name
of their children?

There is not a doubt in the minds of
those who know anything about the
work of the Mothers' Congress but that
more is done to promote child welfare
in one year through the combined ef-
forts of the Mothers' Club of Ameri-
ca than used to be done in a quarter
of a century before the mothers took
any interest in the development of the
schools.

But up to this day scarcely half of
the children of our country attend a
school where a Mothers' Club takes a
motherly interest in the welfare of the
school. Why? Because the great ma-
jority of the rural mothers have not
yet been organized for any community
service. But it is coming, too. The
mothers on the farms are realizing ev-
ery year the necessity of organized ef-
fort on their part if they are ever to
have the right kind of schools for their
children. And when all the farm moth-
ers once get to work for better
schools watch what happens.

It is going to take more effort,
more sacrifice, more time, and more
patience to perfect the rural mothers'
club. But it can be done. And this
year we want to hear from more of the
rural clubs. First of all it is harder
for the farm woman to shut up her
house and leave it all afternoon to go
to any kind of a meeting. There is
not always someone to leave the little
children with. Sometimes it is in-
convenient for her to have a way to
go to the school house for the meet-
ing. Some of the mothers live so far
they can not attend regularly. And
then the question of leadership comes
up in the rural club just the same as
the city club.

But year by year those problems will
solve themselves. Let's set a stake,
hitch our wagon to a star this year.
We have no idea how many rural
schools have organized clubs, but let's
resolve to organize Texas this year
one thousand (1,000) Rural Mothers'
Clubs. And let's pledge ourselves to
do at least one thing to make our
school a better place for our children.
Mothers of Texas, you will love your
school more, you will love your teach-
er more, and you will love their child-
ren more, if you will get together once
a month or more often if possible and
do something for the development of
your school. We can have anything
in Texas we want had enough to work
for it. Let's want the best for our
children's education.—Star-Telegram.

"What has become of the old-fash-
ioned fiddler who used to play, 'Pop
Goes the Weasel?'"—Longview Times-
Clarion.

At the reunion of Confederate Veter-
ans a little over a year ago, a trio of
fiddlers from northwest Texas were
distinguished guests at the meeting.
The press throughout the southland
heralded the performances of these
musicians as being a superb classic.
Received by the governor of Tennes-
see, and escorted to the hall of Repre-
sentatives and introduced as the dean
of the nation's bow artists, a trio of

Vernon fiddlers gave to the world a
real exhibition of how to play "Pop
Goes the Weasel."

"Since the East Texas publisher has
apparently forgotten this memorable
occasion, The Record will direct it to
Vernon where there can be found 'The
old fashioned fiddlers who still play
'Pop Goes the Weasel.'"

Foster's Bulletin.

Washington, Sept. 16.—October will
be one of the most rainy, disagreeable
months of the 13, of which its 16th
day will be their center. Tempera-
tures will go to such extremes that the
three great cold waves of the last
three weeks of that month will de-
mand heat in residences and offices
three weeks earlier than usual. That
means that heat will be in demand
along and north of latitude 40 near
and after October 6, and that frosts
will be two weeks earlier than usual.
The principal reason is that three se-
vere storm periods, centering on Oc-
tober 3, 12 and 27, will constantly keep
the atmosphere stirred and prevent
warm air from accumulating, the re-
sults being the reverse of the early
September warm wave. But the hu-
midity—moisture in the atmosphere—
will continue great east of Rockies;
better weather will prevail west of
Rockies. October rains are of principal
hope for putting the soil in good con-
dition for sowing winter grain, but
in large sections it will be cheaper to

STORIES OF
GREAT INDIANS

By Elmo Scott Watson

Copyright, 1922, Western Newspaper Union

RED CLOUD VICTOR IN AN
AMERICAN WAR

THE average school histories assert
that America has been victorious
in all of her wars. But they are
strangely silent about a conflict in
which one man defied the power of
the United States and defeated his
own terms of peace. That man was
Red Cloud (Makpika Luta), chief of
the Ogallala Sioux.

When government commissioners
sought the right to build forts along
the Bozeman trail to the Montana
gold fields, Red Cloud steadfastly op-
posed this encroachment on the choic-
est hunting grounds of the Sioux. In
a council of his people he declared:
"Dakotas, I am for war!"

Col. H. B. Carrington entered
Wyoming, nevertheless, to build the
forts and Red Cloud sent him this
defiant message: "I shall stand in
the trail." A war followed in which
the Ogallala leader killed 81 soldiers
under Colonel Fetterman near Fort
Phil Kearney. This loss was avenged
the next year when Red Cloud lost
half of the 3,000 warriors whom he
sent against 32 soldiers in a wagon
box corral.

Despite this reverse Red Cloud re-
mained master of the situation. In
1868 he delivered his ultimatum to a
peace commission. The forts must be
abandoned and all further attempts
to open the Montana road must cease.
More than that, he fixed the bound-
aries of the Sioux country to suit
himself. The commissioners agreed
to every demand, for the Ogallala chief
refused even to meet them until the
garrisons had actually been with-
drawn. His victory was complete.

From the day he signed the treaty
he kept his promise to live at peace
with whites. "Ninety-one years old,
blind, almost deaf, he sits dreaming of
the past," writes one who visited him
then. "No wonder he is irritated by
the idle information seeker. Who
would be called back from the dreams
of his youth? Slightest and infirm,
he is reliving the days of his youth
when he sat on his horse as king, the
pride of the great Sioux nation."

"To his ears must come the roar of
the hunt as the countless bison herd,
like a tidal wave, rolls by. And again
the great day of his life, when his
red-blanketed band swept down on
the hapless Fetterman troop. Even
now his heart must seem to stand
still as he lives over again that fear-
ful day of the Wagon Box fight, when
he hurled the pick of the Sioux na-
tion against the riflemen."

On December 10, 1909, the old man's
dreams ended and Red Cloud, the great-
est war chief of the Sioux, died.

beria near October 20, will drift west-
ward but I cannot locate its move-
ments.

Section 1.—North of latitude 47, be-
tween meridian 90 and Rockies crest;
lowest temperatures, September 25,
October 1; highest September 28; aver-
age warmer than usual. Severe
storms and increasing rains first week
in October.

Section 6.—South of 30, east of lon-
gitude 90; lowest temperatures 25, and
October 1; highest 28, and October 3.
Average warmer than usual; severe
storms and heavy rain first week in
October. See hurricane, first para-
graph.

Section 2.—East of 90, north of 47;
lowest temperatures 27, and October 2
highest 25 and 30; average warmer
than usual. Severe storms first week
in October and increasing rains.

Section 7.—North of latitude 43 1-2,
west of Rockies' crest; highest tem-
peratures 20 and 25; lowest 23 and
27; average warmer than usual. A
little increase in rain first week in Oc-
tober and rough weather.

Section 3.—Between 39 and 47, and
between 90 and Rockies' crest; high-
est temperatures 20 and 30, lowest 25,
and October 2; average near normal.
Severe storms and increased rains
first week in October.

Section 8.—South of 43 1-2 to Mexi-
can line, west of Rockies' crest; high-
est temperatures 24 and 26; lowest,
29; average warmer than usual. Some
rough weather first week in October
and a little increase in rain.

Section 4.—East of Meridian 90, be-
tween 39 and 47; lowest temperatures
23 and 29; highest 20 and 26; aver-
age warmer than usual; severe storms
and increased rains, with lower tem-
peratures first week in October.

Section 5.—South of latitude 39 and
east of 90; highest temperatures Sep-
tember 26, October 3; lowest 23 and
29; average above. Severe storms, in-
creasing rains first week in October.
See hurricane, first paragraph.

SPECIAL MUSIC AT METHODIST
CHURCH NEXT SUNDAY

The First Methodist church will
have special musical programs both
morning and evening Sunday, is an-
nounced by the choir director. This
will be the last appearance for some
time of two of the prominent members
of the choir, Miss Catherine Pierce
and Miss Georgia Castlebury who
leave next week for school. Miss
Pierce will attend Southern Methodist
University at Dallas where she will

specialize in the study of violin and
Miss Castlebury will return to Texas
Woman's College at Fort Worth where
she will take a post-graduate course
in piano, violin and pipe organ.

Miss Pierce will play and Miss Cas-
tlebury will sing at these services.

The following program has been ar-
ranged:

Sunday 11 A. M.

Voluntary—Allan Marcia in D—
Hackett.

Violin Solo—Adagio Pathétique—
Godard—Miss Catherine Pierce.

Offertory—Cantilena in D. Flat—
Salome.

Anthem—Break Forth Into Joy—
Lorenz—Choir.

Baritone Solo, selected—Edwin Lis-
man.

Sermon—"The Price of Power,"
Postlude.

7:45 P. M.

Voluntary—Largo—Handel.

Hymn—Softly Now the Light of
Day—Gottschalk—Choir.

Soprano Solo—"The Voice in the
Wilderness"—Scott—Miss Georgia Cas-
tlebury.

Violin Solo—Meditation from Thais
—Massenet—Miss Catherine Pierce.

Offertory—Awakening—Englemann.

Vocal Duet—Whispering Hope—
Haworth—Messames Dickenson and
Hendrix.

Sermon—"All Kinds of Folks,"
Postlude.

Wagon hardware of all kinds in
stock.—Swartwood & Co. 67-131c

MEN!!

The first breath of winter brings that often repeated sug-
gestion that the old suit should be cleaned and pressed for
fall wear. May be it needs a patch or a pocket, a new lining,
or remodeling all over. It is not too early to ORDER that
fall suit. We represent some of the leading Tailoring Com-
panies of the country.

LADIES!!

Cool weather demands warmer clothes. That dress which
was put away last spring will look fresh and nifty when it is
cleaned and pressed. Possibly it would look better in a dif-
ferent color. Let us dye it to suit your taste. Any kind of
work that is needed to meet your suggestion will be done
with accuracy and skill.

NOW!

Don't wait until the frost of winter comes to have your
reparing and cleaning done.

Let us do it while we are not rushed—Do It Now.

Lon Higgins of Chillicothe was brought here this morning for an operation at a local sanitarium. He was accompanied by Dr. T. A. Lowery.

Miss Lillian Newton left for Seagraves Thursday where she goes on business. She was accompanied by Miss Mary Catherine Massie as far as Canyon. Miss Massie was on her way to Roswell, N. M. where she will spend the winter with relatives.

BIBLE CLASS TEACHER QUILTS OVER POLITICS

Wichita Falls, Sept. 13.—The final chapter in one phase of the local Mayfield Ferguson race was not written until yesterday, when the men's Bible class of the Floral Heights Methodist church accepted the resignation of C. C. McDonald as its class teacher and elected S. A. L. Morgan to the post. McDonald offered his resignation the Sunday following a Ferguson rally where he made the principal speech, stating when he did so that he understood there was considerable objection to him because of his activity for Ferguson. On motion of a member of the class the resignation was tabled until the return of the class president. On his return this week the matter was again opened and McDonald's resignation accepted.

NOTED VIOLINIST TO APPEAR AT HUGGINS STUDIO

Eithel Allen Nelson, violinist of Wichita Falls, will appear in recital here tomorrow night at the Huggins studio at 8 o'clock. The change from the Presbyterian church, where he was to appear has been made by the request of Mr. Nelson, who wants to meet the people of Vernon in a reception after the concert. He thanks the Presbyterians for the proffered use of the church. At this concert he will play some of his own compositions as well as those of other composers. Mr. Nelson is learned, came to Wichita Falls because of the stories that have gone about the world of this far famed oil city. In his studies under teachers in Paris and New York he has won honor and fame in musical circles. An invitation to hear this famous composer and violinist is extended to all music lovers.

Club girls baked 370,000 loaves of bread last year in connection with extension club work carried on by county extension workers, according to reports to the United States Department of Agriculture. More than 31,000 girls learned to make and judge good bread in these clubs during the year.

SOCIAL

Electra Couple Wed in Fort Worth
Cards have been received by friends here announcing the marriage of Miss Isabel Irons and Neal T. Scott, September 6 at Fort Worth at the home of the bride's parents, Mr. and Mrs. P. C. Irons. The Irons family lived here some years ago and the bride was born in Vernon. She has also visited here several times since moving to Electra where she has established herself in the nursing profession. Mr. Scott is the assistant cashier of the First State Bank of Electra. They will make their home in Electra.

Hostess to Thursday Bridge Club
Mrs. A. B. Swartwood was hostess to the Thursday Bridge club Thursday afternoon at her home on N. Wheeler street. The afternoon was spent in playing bridge. The hostess served a salad course to the following guests: Mesdames R. L. Moore, Katherine Waggoner, J. E. Dodson, Jr., Luther Webb, Dan Bond, J. V. Townsend, Hub Colley, W. K. Long, Myatt Napier, Bob Ferrell, L. E. Piper, H. F. Farrell, Della Housels, J. L. Swartwood, T. E. Standifer, R. E. Stuart of Oklahoma City, Emory Rhoads, Clint Swartwood, C. J. Armstrong and Misses Nelle McKibbin, Bob and Don Standifer, Esther Swartwood and Oleta Youngblood.

Mrs. Orba McCurdy Entertains
Mrs. Orba McCurdy was hostess to the Tuesday Bridge club Tuesday afternoon at her home on S. Main street. Miss Oleta Youngblood won high score. A salad course was served to the following guests: Mesdames George

Hardin, Clint Swartwood and Dan Sumner and Misses Esther Swartwood, Bob and Don Standifer, Oleta Youngblood and Vera Harrington.

Entertains With Dinner Party
Miss Mary Catherine Massie was hostess at a dinner party Tuesday night at her home on S. Main street, honoring Miss Mary Myatt Shive who recently arrived from California where she spent the summer. Miss Shive will leave soon for Gulfport, Miss., where she will enter Gulf Park college. Other members of the T. G. club and Miss Lois McGaughey were guests at the dinner.

Miss Brunson Entertains T. G. Club
Miss Loraine Brunson entertained the T. G. club Tuesday afternoon at her home on S. Main street. Miss Mary Catherine Massie who has been away for some time was the honored guest. After games the hostess served delicious refreshments.

At The Churches

Rev. G. A. Obenhaus from Oregon on route to his new charge at Anderson, Texas, has consented to fill the pulpit of Zion's church, next Sunday, September 17. All are welcome. L. HEINEMEIER, Pastor.

Christian Science
Service every Sunday 11 a. m. at City Hall. Subject September 17: "Matter." Golden text, Psalm 56; 4. Everyone is welcome to these services.

First Methodist Church
Rev. Robert E. Dickenson, Pastor. Sunday school at 9:30. Sermon 11 a. m. Subject, "The Price of Power." Evening Sermon 7:45 p. m. Subject: "All Kinds of Folks." Junior League 5 p. m. Prayer meeting, Wednesday night. Subject: "Does God Care."

Central Christian Church
A hearty interest is awakened in the Auto Race Contest in the Sunday school as the boys' class take a big leap forward with their auto. The attendance and interest has been very encouraging to the workers. Next Sunday gives promise of a big day. Sermon 11 a. m. Subject: "Working God Eternally with Stone, Brick and Mortar." The evening sermon will be a message for young men, theme: "He Pitched His Tent Forward Sodom." Everyone is cordially invited to all these services. LEWIS P. KOPP.

First Baptist Church
Sunday school 9:45 a. m. The following are the themes for 11 o'clock Sunday morning and 8 o'clock Sunday evening respectively: "The Christian Supplying Jesus' Needs," and "The Attractive Business Man." Music one attractive feature of services. Come, bring a friend and worship with us. If you come, you will receive a hearty welcome. L. J. MIMS, Pastor.

Vernon Rebekahs to Crowell
The Vernon Rebekah degree staff will go to Crowell tomorrow night where they will initiate candidates in the Rebekah degree. About fourteen members of this team will go.

Sixteen candidates will be initiated. The staff will be entertained at dinner on their arrival. The Vernon team was recently organized but it is said they do splendid work.

Texas Public Service Officials Here
W. S. McCall of St. Louis and Ralph Morrison of San Antonio were here from Sunday to Tuesday looking over the property of the Texas Public Service company with a view to purchasing. These men are the principal stockholders in the company it is said. Should these men take this concern, over it is stated that they would spend between \$75,000 and \$100,000 on the plant. While here they made an exhaustive survey of the town's resources and the company's holdings.

Electra's Good Roads Program
By the first of October it is expected that six miles of paved highway will be added to the road leading into Electra. To be exact, the time should be about September 25.

Work was completed Monday on this stretch only 400 feet of concrete remaining to be poured when workmen of the McCollum Construction company quit work Saturday night. The road must be completed by October 1, barring unforeseen delays. A sufficient amount of material is on hand to keep operations going for nearly five days but the stone is moving in slowly, the contractors announce.

Potts and Prentice placed 4,500 feet of concrete during the past week on the road out of Burkburnett to Clara. It is believed that this stretch of pavement will be completed by October 1, barring unforeseen delays. A sufficient amount of material is on hand to keep operations going for nearly five days but the stone is moving in slowly, the contractors announce.

FARGO

By Special Correspondent.
Fargo, Sept. 13.—All the farmers in this community are busy picking cotton. Mrs. Charlie Sneed and little daughter, Mildred Fay, of Vernon, are visiting Mrs. C. L. Honck this week. Born to Mr. and Mrs. O. D. Stowe, Wednesday Sept. 6, a daughter, Mary Jo. The Home and School Club met at the W. O. W. hall Friday afternoon, September 8. Only a few members were present. The club planned to have a booth at the county fair, Mrs. H. H. Scherer, Mrs. J. S. Mason, Mrs. W. R. McDaniel were in Vernon Tuesday to select the booth for the club. Rev. F. D. Pearson will fill his regular appointment at the Baptist church Sunday morning and evening. There will be Sunday school Sunday morning at 10 o'clock, preaching at 11, by pastor Pearson, B. Y. P. U. at 7:30 p. m. and preaching service following. Frank Dennis of Odell is building a restaurant here in Fargo adjoining Dr. A. T. Hayes' drug store. Mr. Hilliard will have charge of the restaurant. The Baptist Ladies Aid Society will meet at the Baptist church Thursday afternoon, September 21. Group No. 1 will have charge of the program. All members are urged to be present. Mr. and Mrs. Joe Shaw of Quannah visited Mrs. Shaw's sister, Mrs. J. S. Mason and Mrs. Wayne Adams the past week-end. Miss Lenora Mason returned with them to enter Quannah high school. She attended the Normal at Canyon the past summer. Miss Lucille Marr left Tuesday to enter Wayland Baptist college. Mr. and Mrs. Vernon Shaw of Vernon will also enter school there. Misses Mabel McLaughlin, Florella Williams and Fay Cullum are attending Vernon high school. Miss Jewel Edwards entered school at Holcomb Trainings School Monday. S. T. Mason made a business trip to Electra Monday to get cotton pickers. Vernon visitors from Fargo Tuesday were: Mr. and Mrs. H. H. Scherer, Mrs. J. S. Mason, Mrs. W. R. McDaniel, C. T. Mason, H. E. Key, M. L. Green, W. H. Beavers, Miss Maud Richard, Tom Richard, Mr. and Mrs. B. F. Attaway, Mr. and Mrs. Fontane Fannagan, and Dr. A. T. Hayes. Mr. and Mrs. D. Eestes of Vernon visited in Fargo Tuesday. J. S. Mason and C. T. Mason's trucks are hauling cotton and cottonseed from the Starr, Walls and Starr Gin to Vernon.

PERKINS-TIMBERLAKE COMPANY

SKIRTS TO ANKLES FASHION'S EDICT

BLACK DRESSES, GAY HATS AND
DRAPERY FIGURE THE NEW-
ER STYLES FOR AUTUMN

Skirts are decidedly longer now. For the more formal occasions they must reach to the ankles. For sport wear six or seven inches from the floor is the correct length. This is the edict that has gone forth and women are rather liking the new skirt lengths after the extreme short ones of this summer.

Hats are large for the afternoon gowns and go well with the new silhouette. Small hats are worn with the tailored frocks. Black is decidedly good in the large hats and the leading shade for autumn wear though blue and brown are close seconds.

Gay colors predominate in hats and three shades of red are often seen on one hat. The color range is a warm one with the reddish shades strong, represented by russet, copper, peach, flame and orange. While ochre yellow is another favored tone in the costume range. Blues are of a brilliant character with corn flower and a sea green tone popular.

Varied shades of the colors of blue and brown are named and one is lost trying to remember the different colors. Some of the new names are not crown, bitter sweet, wall flower, fuchsia, dahlia and corn flower.

Since the cooler days have arrived women are thronging the stores buying fall and winter clothing for the family. Handsome coats are being purchased in anticipation of the biting winds that will descend from the north later. Girls going away to school are having their wardrobes replenished now.

One show window in town is featuring sweaters and these articles of comfort are being snapped up quite eagerly by the young miss or matron to wear now and later too. In the fall one window is displaying a figure wearing a gown and hat made of miss'es' hosiery in black and white.

Another show window is devoted to dainty underthings in the delicate pastel shades. Of course all stores are displaying handsome dresses in which velvet seems to be the favorite fabric. A number of crepe fabrics are to be worn too. Black dresses are brightened up by the addition of bright colors in beads and embroidery.

Hats of gold or silver cloth are very strong, and combined with the bright shades devoted to autumn are very striking.

Never, women declare, was shopping enjoyed more than this season for though there is not much change in styles in hats for every conceivable shape is shown. The new skirts and gay colors make the study of clothes very interesting. Drapes adorn the new skirts for without them the sudden change in the new skirt lengths would look dowdy it is explained. Uneven skirt lengths still figure largely in My Lady's wardrobe and it will be some time it is predicted until we return to the straight hem and long lines of other days without the friendly drapes.

Vernon Students Leaving for Colleges

The exodus of students to their favorite colleges has already started, when some weeks ago Miss Dorothy and Miss Elsie O'Neal took their departure for Chicago and Detroit, Michigan, where they will enter school. This is Miss Heath's second term in high school in Chicago.

Nine students from here will attend the Texas University this year, they are: Evans Mason, Frank and Shirley McLarty, Ted Farrell, Curtis Renfro, George Coltrane, Miss Daisy Jones, Floyd McCroskey, and Alfred Dohoney.

Miss Mary Myatt Shive will attend Gulf Park college at Gulf Port, Mississippi. Misses Allie Randall and Miss Lois McGaughey will enroll at the College of Industrial Arts at Denison, Dixon Roger, A. M. Hiatt, Jr., J. M. Hawley and Delphus Bourland will attend Texas A. & M.

Miss Catherine Pierce will return to Southern Methodist University at Dallas and Miss Georgia Castelle will take a post graduate course at Texas Woman's College at Fort Worth. Miss Melba Ruth Pickens will also enter there. Miss Ruth Stovall has entered the junior college at Wichita Falls. Maurice Trout is enrolled in the National Business college of Wichita Falls.

Fargo Students Enroll Here
Holcomb Training School has enrolled this term from Fargo, the following students: Wylie Harrison, Titus Holland, Pauline Wilhelm, Thelma Lindsey, Vera Switzer, Jewel Edwards and Richard Coffee.

Fargo students entering Vernon high school are Misses Fay Cullum, Floella Williamson and Mabel McLaughlin.

Presbyterian Guild to Meet
The members of the Presbyterian Guild will meet Monday afternoon at the home of Mrs. B. D. Flaniken on W. Texas street. A full attendance is desired.

COLUMBUS (O.) GIRL IS AMERICA'S PRETTIEST

Miss Mary Katherine Campbell

Miss Mary Katherine Campbell, who represented Columbus, O., as "Miss Columbus" in the Atlantic City, N. J. Beauty Pageant, was awarded first prize as the most beautiful girl in America and will be "Miss America" at next year's contest.

DIFFERENCE IN NAMES OF WHEAT BY-PRODUCT FEEDS

Sectional differences in the use of names for by-products of wheat are often confusing, says the United States Department of Agriculture in calling attention to the terms used in the regions growing the three principal types of wheat. The near Northwest, which includes Minnesota, the Dakotas, and parts of adjoining states, grows hard spring wheat; the Southwest, also Nebraska and Kansas grows hard winter wheat, and the East and states as far west as Missouri and Iowa grows soft winter wheat. Of course, these areas overlap to some extent.

Most of the confusion has been caused by different names for shorts and middlings. In some parts of the country these terms are used synonymously, in others one may be used to the exclusion of the other. Where both are used there seems to be a tendency to apply the term "shorts" to the coarser materials, such as standard middlings; and the term, "middlings" to the finer materials, such as red dog flour.

While there often may be considerable differences in the composition of corresponding by-products because of the differences in composition and texture of the wheat and of the slight differences in milling practice, the methods of manufacture in the different milling sections are similar and the following table, read horizontally, shows the names used in the different regions for the same by-product feed.

Northwest	S. West	East
Bran	Bran	Bran
Standard Middlings	Br'n Shorts	Brown Middlings
Flour mid.	Gray shorts	Gray Mid.
Red Dog	White short	White Mid.
Wheat Mixed Feed	Wheat Mixed feed.	Wheat Mixed Feed

"Shipstuff" is a term that has been used in the past for various wheat by-products. It has no very definite meaning, although it seems to apply only to wheat products.

FARGO CLUB TO MEET MONDAY TO ARRANGE FOR FAIR BOOTH

Mrs. D. J. Wilhelm, president of the Home and School club of Fargo announces that a special meeting will be held at the home of Mrs. H. H. Scherer Monday afternoon to arrange about the booth at the county fair. The members are urged to attend.

D. ESTES "TUNES IN" ON 15 STATIONS IN 30 MINUTES

D. Estes of Vernon, who was one of the first owners of radio sets here, in a letter to the Star-Telegram yesterday states that he "tuned in" on fifteen stations in forty minutes from 7:50 to 8:30 p. m. Wednesday night. The stations are as follows: WKA, Wichita Falls; WHB, Sweeney, Kansas City; WLAJ, Waco; WWJ, Detroit, Mich.; WEAY, Houston; Iris Theatrical; WSB, Atlanta; WBL, Anthony, Kan.; WFAA, Dallas; WDAF, Kansas City; WON, San Diego, Calif.; KILZ, Denver; KSD, St. Louis; Post Dispatch; KON, Kansas City; Board of Trade; WAAP, Wichita, Kan.; WOC, Davenport, Iowa.

He also says that he tuned in on numbers of other stations that he did not get their call number and from 400 to 600 meters code stations were so thick they sounded like the hum of bees.

In the last two months Mr. Estes has picked up splendid programs from Texas, Oklahoma, Kansas, Missouri, New Mexico, Colorado, Nebraska, Nevada, Washington, D. C., California, Michigan, Iowa, Georgia, Louisiana, Tennessee, Arkansas, Indiana, Pennsylvania and Ohio.

His description of his radio set is a triple regenerative home made set, antenna 55' high 100', 4 wires 20' fan, 20' lead in.

Mr. Estes says that he can hardly wait for the installation of the new 500 watt set now being erected by the Star-Telegram. This broadcasting station having been closed for a time Atlanta, Ga., will entertain the radio fans at the hour that the Fort Worth stations broadcasts their programs, until the installation of the new set.

"Freshies" Run Gauntlet at Hi

As is the custom from time immemorial the "poor" freshman of any school is made the goat of the whole institution. He must go through an initiation and earn his stripes so that in after years he may join in with the other classes and pass it on. Tuesday morning at Vernon Hi after orders had gone out that no more freshmen were to be "lumped," which is a procedure in which the unlucky underclass man is picked up and bodily thrown against a tree; the classes were at their wits end how to humble the poor "freshie."

A bright though struck the leaders of the heckling crew and they decided to line up in two lines across the campus and make the boys "run the gauntlet" as was done by the redskins to their pale face captives. Off came belts and armed with these they compelled the freshmen to run through the lines. Over 100 boys took this good naturedly but several yet bear the marks of the belts on their bodies. One little freshman yesterday on being interviewed grinned and said, "I'll tell the world we got licked but just wait till next year we'll get our revenge." Orders have been issued that no more running the gauntlet is to be staged at the high school.

LOCKETT CITIZENS ORGANIZE TO SECURE RIGHT-OF-WAY

At a highway meeting held last night at Lockett a committee consisting of Frank Lockett, Alex Street, C. Shoppa, S. C. Davenport and Vernon Weekly was appointed for the purpose of canvassing the farm owners between that place and Vernon with a view of securing a right-of-way for the Lee Highway's trans-continental road.

A large number of farmers of that community were present at the meeting. It was announced that a movement would be started by the farmers of this neighborhood to secure paying members to the highway association headquarters at Washington. R. H. Coffee of Vernon explained to them that all memberships pledged at this time were done so with the understanding that any money paid would be refunded in the event that the road was not designated through Vernon.

Those who attended the meeting from Vernon were: R. H. Coffee, Wallace H. Huggins and A. P. Peck.

Two hundred and sixty thousand farm families either made their first home garden or changed their previous ways of gardening in 1921, as a result of demonstrations of improved methods by agricultural extension agents, according to reports received by the United States Department of Agriculture.

Will You Help the Democratic Party to Win This Campaign?

If so the most helpful thing you can do now is to contribute to the Democratic Educational Campaign Fund so that the Educational work of the Democratic National Committee can be carried out as planned.

The Democratic National Committee Needs Money And Needs It NOW.

For the purpose of getting the record of failure of this Republican Do-Nothing Congress and Do-Nothing Administration before the people and to show them again the road to Democratic Prosperity, which they traveled for eight years of Democratic rule.

Send Your Contribution Today to the Record

The Democratic National Committee has arranged with the publisher of The Vernon Record to receive and receipt for contributions. A duplicate receipt will be mailed from Democratic National Headquarters.

Give What You Can Afford—Much or Little—But Give It Now

The Democratic Party has no privileged classes, no protected profiteers, no trusts or moneybunds to appeal to. It represents only the people, therefore it appeals only to them.

This is a Democratic Year. Do your share to help win the Victory.

Democratic Prosperity vs. Republican Disaster

The estimated wealth of the United States when President Wilson went into office in 1913 was \$185,000,000,000; it increased to \$300,000,000,000 in eight years of Democratic rule—a gain of \$115,000,000,000. The present estimated wealth of the United States is \$225,000,000,000—a loss of \$75,000,000,000 in fifteen months under Republican rule.

Since the Republican party was voted into power in November, 1920, the American farmers alone have suffered a loss of near \$30,000,000,000.

Some Republican Broken Promises

The Republicans promised the country PROSPERITY; they have given it ADVERSITY.

They promised to stimulate agriculture and business; they have given an industrial panic and destroyed our foreign markets. Foreign trade declined from \$13,500,000,000 in 1920 to near \$6,000,000,000 in 1922.

They promised to reduce taxes; they have shifted taxes of the multi-millionaire and profiteering class to the smaller taxpayers without lifting taxes or reducing them. Repeal of the Excess Profits tax relieved the Big Interests of paying \$450,000,000 in taxes; reduction of the higher surtax relieved them of paying \$61,500,000.

They promised to reduce the high cost of living; they have given a Profiteers' tariff bill which increases the high cost of living, and makes the farmer pay \$5 on everything he buys for each \$1 of "protection" he gets.

They promised to reduce the expenses of the government; they have increased the expenses of running the various departments of the government (1923 budget, three years after the war \$536,000,000 compared to 1915, three years before the war, with an estimated deficit of \$500,000,000 in addition—or \$1,000,000,000 increase.

FALL EXHIBIT OF FALL WEAR

A most interesting feature of our fall exhibit is the great variety of styles, which while seemingly different, are all truly representative of the season's most favored developments.

And it is this very feature which makes it so difficult to describe the garments—a visit here is really necessary if you would know the new modes and choose the one best suited to your requirements

OKLAHOMA ATTRACTS MANY VISITORS TO COMMUNITY FAIR

(Continued from page 1)

A. Blevins is in charge of the dairy exhibits and U. J. King is supervising the horse and mule department.

Special Attraction

A program was rendered last night in which talent from Oklahoma, Harrold and Vernon participated. The entertainment consisted of readings, quartettes and sing-songs.

Textile Department

The following awards were made in the textile department: New clothing and wash material; Mrs. J. S. Couch; undershirt, Miss Myrtle Glazener; corset cover, Mrs. William Reed; gown, Mrs. Rufus Byars; teddies, Mrs. Luther Westerman, first; Mrs. Mack Byars second; table cloth and napkins, Mrs. Mack Byars; luncheon and napkins, Mrs. J. F. Stark; table runner, Mrs. Luther Westerman, first; Mrs. Mack Byars second; center piece, Mrs. Ike Smith; dresser scarf, Mrs. Alvin Penn; sheet and pillow cases to match Mrs. Ike Smith, Mrs. Alvin Penn, second; bed spread, Mrs. Logan Creager, first; Mrs. Luther Westerman second; flour sack exhibit, tea towels, Mrs. V. R. Glazener; baby dress, Mrs. William Reed first; Mrs. Harry Stalcup second; guest towel, Mrs. Rufus Byars; baby pillow case, Mrs. Logan Creager; pit low case, Mrs. Rufus Byars first; Mrs. Luther Westerman second; child's dress, Mrs. Harry Stalcup; gown or teddy, Mrs. Mack Byars; specimen of knitted lace, Mrs. William Reed first and second; specimen of tatting, Mrs. Luther Westerman; hem stitched article, Mrs. Ike Smith; button holes, Mrs. Ike Smith; individual display, Mrs. J. K. Campbell; child's gown, Mrs. Luther Westerman; bath towel, Mrs. Roscoe Rainwater first; Mrs. Logan Creager second; baby knitted garments, Mrs. Logan Creager; table mats, Mrs. Ike Smith; baby flannel, Mrs. Logan Creager; boy's shirt, Mrs. Ike Smith; floor pillows, Mrs. William Reed.

Culinary Department

Angel cake, Mrs. H. A. Blevins first. Mrs. Roscoe Rainwater, second. Mrs. Harry Stalcup third; white cake, Mrs. Overton, first. Mrs. Greathouse second, Miss Stella Nettles third; white loaf cake with banana frosting, Mrs. R. S. Gatewood first; chocolate pie, Mrs. Charley Moore; cookies, Mrs. J. S. Couch, first. Mrs. C. J. Jones second; candy, peanut brittle, Fletcher Sisters, first; Miss Myrtle Glazener, second on divinity and Mrs. William Reed third.

Canning Division

Canned peaches, Mrs. V. R. Glazener, first. Mrs. V. S. Glazener, second. Mrs. H. A. Blevins third; canned plums, wild, Mrs. Harry Stalcup first. Mrs. Ike Smith second; tame plums, Mrs. Rufus Byars; canned blackberries, Mrs. J. K. Campbell first, Mrs.

H. L. Westerman second; tomatoes, Mrs. V. S. Glazener; beans, Mrs. H. L. Westerman, Mrs. B. Cooper second; peas, Mrs. L. O. Langley, first, Mrs. Will Overton second; beets, Mrs. R. J. Byars; watermelon preserves, Mrs. Ike Smith first, Mrs. Marvin Brite second; peach preserves, Mrs. H. A. Blevins first, Mrs. Q. C. Rogers second; plum preserves, Mrs. H. A. Blevins; apricot preserves, Mrs. J. F. Stark; pear preserves, Mrs. L. O. Langley

first, Mrs. W. F. Ashley second and Mrs. H. L. Westerman third; jelly, Mrs. L. O. Langley first, Mrs. H. A. Blevins second, Mrs. C. L. Moore third; jam, Mrs. C. L. Moore first, Mrs. L. J. Couch second; grapes, Mrs. Luther Westerman; chow chow, Mrs. Ike Smith first, Mrs. Roscoe Rainwater second; okra, Mrs. Will Overton; canned sausage, Mrs. H. A. Blevins; sweet pickles, peach, Mrs. Clint Hancock, first, Mrs. H. A. Blevins second; pear,

Mrs. A. Benson; home made soap, Mrs. Rufus Byars first, Mrs. Marvin Brite second.

Girls' Clubs

Canning division—Fruits and vegetables—Miss Ramal Butler, first, fourth year; jelly, Miss Nina Lois Creager, first, third year; tomatoes in tin, first, Miss Christine Rainwater; second year girl; fancy packed fruit and tomatoes in glass, first, Miss Christine Benson, first year girl; candy, first, Miss Christine Benson; cup towels, first, Miss Lucille Brite, second, Miss Anna May Reeder, first year girls; bungalow apron, Miss May Holson, first year; dress, Miss Lucille Pierce, first year; dress, Miss Nina Lois Creager, first, third year girls; teddy, Miss Maurine Brite, first; article home improvement, bed room set, first, Miss Maurine Brite; luncheon set, Miss Edith Skinner, second; handkerchiefs, first and second, Miss Nina Lois Creager.

25 YEARS OF AGRICULTURAL INVESTIGATION OF ALASKA

In 1897 the present chief of the division of insular stations, States Relations Service, made a survey of Alaska for the United States Department of Agriculture to determine the agricultural and horticultural possibilities of the territory. An experiment station was established shortly afterward at Sitka. The visit of the chief was recently repeated, to learn at first hand the development that has taken place in the intervening 25 years.

It has been fully demonstrated that Alaskan agriculture can be self-sustaining. There are now five Alaskan experiment stations—at Sitka, Rampart, Kodiak, Fairbanks, and Matanuska—which have introduced a number of improved varieties of hardy grains, including wheat, oats, rye and barley, all of which are being successfully grown on Alaskan farms, as well as vegetables, fruits and ornamentals of various kinds. These have aided settlers materially in increasing their local food supply and in improving their home surroundings. Whereas only two satisfactory gardens were growing in southeastern Alaska in 1897, excellent crops of radishes, lettuce, onions, potatoes, peas, beans, cabbage, cauliflower, turnips, and other vegetables are now growing almost everywhere. In many places strawberries, raspberries, currants, and gooseberries are produced abundantly.

Small dairies have been established near a number of Alaskan towns. At Skagway oats and vetch were grown this year to fill a silo for winter feed for the cows.

Among the striking investigations at the Sitka station are those with strawberries and potatoes. More than 2,000 hybrid strawberries came into bearing in July; the result of crosses made with native species and some cultivated varieties, all having the characteristic aroma and flavor of the coast species parent. The station hybrid strawberries are being successfully grown and producing berries of excellent quality. Several hundred seedling potatoes are being tested to determine their value for Alaskan conditions.

In view of improving trade conditions the work of the Alaskan stations may be expected to aid materially in building up the agriculture of the territory and in supplying food for its population.

EXTENSION METHODS STUDIED BY 110 NEGRO PASTORS

Practical suggestions for the improvement of farming methods and living conditions in farm homes in their districts are being given 110 negro pastors and presiding elders in Alabama, Georgia and neighboring states who attended a three-weeks school of methods held at Gammon Theological Seminary, Athens, Ga., in May and June as reported to the United States Department of Agriculture. The school program included a series of effective demonstrations by extension workers from Tuskegee Institute, Ala., who conduct movable school programs in the rural districts of Alabama.

The pastors attending the Athens school were given instructions in soil management, crop production, farm carpentry, including the making of home conveniences, poultry keeping, care of gardens and fruit, proper methods of cooking and food preservation, sanitation and home nursing. According to reports received by the department, these pastors are putting on similar demonstrations in their communities and at conferences of rural pastors in their districts.

Farmers and farm women have recently celebrated the tenth anniversary of the beginning of agricultural extension work in four counties—De Kalb county, Ill.; Essex county, N. J.; Cape Girardeau county, Mo.; and Portage county, Ohio—according to reports to the United States Department of Agriculture. The first county extension agent began work in Texas in 1906. Organized extension work is now being carried on in over 2,100 counties.

INSECT PESTS OF GRAPES ACTIVE IN VINEYARD STATES

Grape growers in the vineyard sections of New York, Ohio and Michigan have begun spraying operations in the hope of protecting their crops from various insect pests reported to the United States Department of Agriculture as unusually numerous this year. Severe injury has resulted in all four states from the grape leafhopper.

In Ohio and Michigan the grape berry moth has caused more than the usual amount of damage to grape clusters by feeding to the stems or buds during the blossoming period. At Lawton, Mich., cocoons of this moth were found on grape leaves early in June, showing an unusually advanced development of the larvae, as grapes were just out of bloom and early appearing larvae were able to complete their growth fully without entering the grape berries. At Paw Paw, Mich., bud clusters infested with the grape blossom midge, not previously observed in that section, were reported on the 8th of June.

FOR SALE—REAL ESTATE

FOR SALE—Four residence lots, Address Box 447, Chillicothe, Tex. 70-210

FOR SALE—Five room modern house with 10 acres of land, Corner place with West Vernon School. Will sell reasonable. See W. L. Cook, phone 9004-R11. 70-210

THE SPEARMAN FARM LANDS, located in Terry, Gaines and Yoakum Counties, South Plains of the Panhandle, Texas, are now being offered at prices and terms, which will enable any industrious farmer to buy and pay for a farm with less money than pay rent. Productive lands, a fine climate, abundance of good pure water, and a country in which one man raises more cotton, more corn and more sweet potatoes and other farm products, than a whole family can gather. No insect pests. We make landlords out of our customers instead of renters. Farmers who are anxious to own their own farms, are invited to come to Seagraves, inspect our farm lands, look at the crops and talk to the men who raise them.

A card to W. A. Sorrell, General Agent, Santa Fe Building, Seagraves, Texas, will bring you a descriptive pamphlet giving detailed information about these lands and plan of purchase. A reliable agent wanted in each county. 55-10 FRI.

NOTICE IN PROBATE

STATE OF TEXAS, County of Wilbarger. In Probate Court. To all persons interested in the Estate of T. W. Smith, deceased. Robert L. Barton, executor of the Estate of T. W. Smith, deceased, has filed his final account in the Probate Court of Wilbarger County, which will be acted upon the next term of this court, commencing on the 2nd day of October, A. D. 1922, at which time all persons interested in said Estate may appear and make objections thereto.

Given under my hand and seal of said Court, at office, this 7th day of September, A. D. 1922.

VERNA LUCKY, Clerk, County Court Wilbarger County, Texas. By Audrey Westmoreland, Deputy. 62-10 FRI.

GIVES INDUSTRIES CLIMATE DATA AS TO NEW LOCATIONS

One of the ways in which the United States Department of Agriculture gives a dollar-and-cents return to the public is exemplified by a recent problem presented to the Weather Bureau. This bureau is frequently called upon to give information on climate in various localities, especially when a person is considering establishing a home

or an industry in an unfamiliar region.

A director of motion picture activities recently considered building a studio in a northern city in the east. He wanted to know whether he could be sure of good light there 50 per cent of the time. The weather man supplied convincing figures as to the amount of light to be expected during the daylight hours during different months of the year.
